

THE MAYOR POINTS OUT THAT COUNCIL IS WRONG

Assumption That the City Has a Classified Police Force Will Not Hold Good.

ANY CITIZEN MAY COMPETE FOR CHIEF

The police ordinance passed council last night on its third reading, over the mayor's veto, without discussion. Only the vote of Mr. Smith was recorded in the negative.

"The action of the city council in passing the police ordinance was not a surprise," said Mayor W. A. Weaver when interviewed by a reporter today. "I am satisfied that the course was decided upon at the very first caucus held by the council after its organization. There was not a time that I doubted the intention, and I do not believe any influence, however strong, could have been brought to bear that would have changed the result."

"Would you mind telling me what you propose to do now that the ordinance has passed and the council has determined to defeat your aims, if possible?" asked the reporter.

"I will do nothing until the board of public safety has completed its list of rules, and they are adopted. Until they have compiled the rules and lists of questions to be used in the examination, there will be no classified list; of that I am certain, and there will be nothing for me to do. The board, I understand, has nearly completed this

MUSICIANS' SUITS AGAINST OFFICERS

Case of Eighth Regiment Band Appealed to Ohio Supreme Court.

RIGHTS OF HEALTH BOARDS

From a Staff Correspondent.

Columbus, August 12.—The case of the eighth regiment band of Akron against the officers of that command for extra pay amounting to \$1,479.20 for services rendered during the Spanish-American war is now in the supreme court. The suit was brought against Colonel Curtis V. Hard, of Wooster; Lieutenant Colonel Charles Dick, now commander of the Ohio National Guard, and other officers of the regiment by the band members soon after the close of the war, judgment being given them for the sum stated by the courts of Summit county. Representing the officers, General Dick has filed an appeal from the lower courts with the highest court. When the regiment was at Camp Bushnell, Columbus, in the spring of 1898, an agreement was entered into, it is claimed, whereby the band was to receive extra money, to be paid by the regiment, in addition to the regular allowance of the government. Services were secured by Colonel Hard and other officers while they were in Akron attending the first reunion of the regiment. Columbiana county boys who served in the command will remember it was understood each soldier was to bear a portion of the extra pay for the band, but for some reason unknown no attempt was made to carry out this financial part of the contract.

Dr. C. O. Probst, secretary of the state board of health, reports that smallpox has been almost entirely stamped out in Ohio. In Cleveland, where the malady raged for months, there are no cases. The worst situation now is at Massillon, where there are 18 cases. There were more than 100 cases in Columbus last winter, but the city has been free from the disease for several months. Milo, a suburb of this city, has nine cases. Columbiana has several cases which are believed to be under control. The state board is at work on a campaign for the complete eradication of the disease from the state. Smallpox has been present continually for several years and was brought in the state by circus employees.

duty, and may be ready to pass upon the matter at its meeting this week. As soon as the list is completed the board will advertise the examination, at the conclusion of which, and not until then, there will be a classified list of officers in East Liverpool.

"Will the list of appointments already made by you still continue to hold good after the classification takes place?"

"The appointment of the chief of police was temporary. It could not be otherwise. There was no classified list at the time it was necessary to fill the vacancy, and there can be no permanent appointment other than from the classified list. The safety board will probably be given 30 days in which to finish up the examination. At the end of that time the permanent appointment can be made. The competition is open to every citizen of the state of Ohio who has been a resident of the city for one year, and there will be an abundance of material from which to select a chief of police."

"What is your idea with regard to the assertion that the present members of the police force are already on the classified list, having become so

Attorney General Sheets has brought suit in quo warranto to test the question as to the right of boards of health to discharge health officers and employes found in office when the new code became operative. The case is brought against Dr. J. Harvey Craig, who was appointed health officer at Mansfield in 1902 for two years and who refused to vacate the office last spring when the board elected another person for the place. Craig refused to surrender, claiming the code made him a civil service appointee. Attorney General Sheets is preparing to bring suit against over 100 delinquent corporations under the Willis law. The penalties were remitted to the delinquents which paid up in the extension of time allowed and the prosecutions about to be begun are against those concerns which ignored this special concession made for their benefit. If the law is enforced penalties aggregating over \$1,000,000 will be collected.

Special examiners reported their investigation of the municipal affairs of Canton to the auditor of state. Lack of system was found and there were overdrafts of special funds amounting to nearly \$40,000. The general fund was drawn upon freely for other purposes.

TOOK A SLEEP ON THE CAR TRACK

Officer Dawson Disturbed Albert Willis' Slumbers And Took Him to Jail.

Becoming sleepy after a night of drinking Albert Willis, employed by the C. & P. contractors, sought repose on the street car track near Thompson's pottery this morning. His head and arms were dangerously near the rails, and although one car passed by him safely he would have sustained injuries had he raised his head or extended his arms.

Officer Dawson disturbed his slumbers and sent him to the city jail. After a few hours sleep Willis, in trying to descend from the upper bunk in his cell, made a misstep and gave his ankle a severe twist. He drew the usual \$1 and costs for a plain drunk.

extends a special invitation to them, to do so. It is probable that all the schools in the three towns will close on the day named, that their pupils may enjoy the outing. The News Review has engaged the park for the day and evening and will pay for the transportation of all children between the ages of 5 and 15 years who are to be its guests. It makes no difference whether their parents are subscribers for the paper or not; the children will all be welcome, and it is confidently expected that they will be there by thousands. Older folks are invited also, but they must pay their own fares.

Aside from what the park offers regularly in the way of attractions, special features that will be novel, entertaining and excellent will be provided. Full announcement of the program for the day will be made later. All of East Liverpool, even to the remotest limit; all of Wellsville and Chester, are included in the News Review's offer of a free ride for all children of 15 years or younger to the park and return, and a day of enjoyment that will equal, if it does not eclipse, any previous outing ever given to the youngsters.

HIDDEN REVOLVER FOUND BY A BOY

He Handled It Carelessly and Got An Ugly Wound in His Hand.

A VERY LUCKY ESCAPE

Mr. and Mrs. C. Nick Muessig are very thankful that an accident which their 10-year-old son, Arthur, met with, is not more serious. The Muessig family have just finished moving from the city to the new dwelling which Mr. Muessig had built above Rock Springs park.

The most of the household goods were still packed in boxes and tied up, when the boy asked his mother for a clean waist. Mrs. Muessig sent him to the attic, where she told him in one of the baskets he would find the garment.

The boy got to looking through the wrong basket, and found a loaded 32-calibre revolver. He picked up the weapon and while carelessly handling it, one of the cartridges was exploded, the bullet going partly through the fleshy part of the left hand next to the index finger, and coming out on the other side. Mrs. Muessig heard the report of the revolver and hastened to the attic, where she found the boy, the blood spurting from the wound.

Dr. G. E. Lewis was called and dressed the injured hand, which was thoroughly blackened by the closeness of the explosion. The finger was badly numbed and for a time the physician thought that amputation would be necessary, but this morning the numbness had left and there is no danger feared unless blood poisoning should set in.

HIS MOTOR CAR BECAME UNMANAGEABLE

Driver's Presence of Mind Quickly Averted a Serious Accident.

An unmanageable motor car, driven by W. K. Cummings, of Wellsville, and containing himself and wife and a small child, came near causing a serious accident yesterday afternoon on Pennsylvania avenue, near the home of Prosecuting Attorney Jason H. Brookes.

Mr. Cummings had started to turn the machine in the road when it became unmanageable for the moment and approached to within a few inches of the edge of the steep bank. As the machine failed to respond to the steering apparatus, Mr. Cummings jumped out and veered its course by catching one of the front wheels.

"Resolved, that we, the Business Men's association of Lisbon and individual users of 'phones, decline to approve that higher rate, and that we will not accept any contract unless the same is in accordance with the rates as limited in the ordinance and franchise of the village council, or until the legality of the same is settled."

The association having decided to forego its annual picnic, the Lisbon Grocers' association has taken up the matter and appointed a committee to see what arrangements can be made and to report. The committee consists of William Hill, Frank Riddle and Calvin Helman.

ORDINANCE PASSED WITH FEW CHANGES

Railroad Company Authorized to Proceed With Double-Tracking Work in the City.

THE BUSINESS MEN ARE MUCH GRATIFIED

With but few minor alterations the list of requests made by the Pennsylvania company many months ago, together with the demands from the city in consideration thereof, went through the city council last night in the shape of an ordinance. The ordinance was drafted several days ago, and as was detailed in yesterday's News Review, had been revised and amended by the board of public service, representatives of the railroad company and members of council on Monday evening. So when the measure came before the council in regular session assembled, there was but one hitch in the proceedings, that being a clause which had been overlooked in revising the law.

The ordinance was entitled "An ordinance granting certain privileges to the Pennsylvania Railroad company and demanding certain concessions for the city of East Liverpool." When Auditor Davidson had finished reading the ordinance Mr. Cannon remembered that the clause with reference to the location of a freight station on the hill had been overlooked on rewriting the bill preparatory to its presentation to council. Mr. Cannon stated it had been agreed upon at the conference on

Charles Donohew Charged With a Grave Offense, Due to Drink.

The complainant alleges the boy was drunk and chased her about the house with a butcher knife. She at first wanted him put under a peace bond, but changed her mind and will have him locked up.

Women in a Row.

There was a large-sized row on Peake's Point yesterday, and as a result Mrs. M. E. Marshall swore out a warrant for the arrest of Mrs. Eva Fiesch, charging her with a breach of the peace. The latter came to the mayor's office in the evening and entered a plea of not guilty. It is probable the case will be dropped.

Lisbon, August 12.—(Special).—C. A. White, of Salineville, county recorder-elect, who will assume his duties the second week in September, has moved to the county seat, occupying a residence on East Chestnut street.

the night previous that whenever the manufacturing and business interests of the city should deem it a necessity a freight station should be erected by the company in the upper or hill yards. The clerk was instructed to insert the clause.

Mr. Smith, who had been strong in his demands for more recognition for the East End, and who had fought hard at the conference for several concessions from the company, was even more determined than ever to bring about the desired changes. He asked why it was that the East End had been so totally ignored in the transaction, and could not see the wisdom of pushing the ordinance through on suspension of the rules, as had been proposed by Mr. Bullock. He failed to find anything in the ordinance as it now stands providing for the establishment and maintenance of a crossing at Elizabeth street. In the opinion of the people of the East End, the crossing was an absolute necessity, and they wanted it. There was no reason why the city should be required to give away the 20-foot alley near the proposed new station site without anything in return. There were also many

ANTI-GAS TRUST COMMITTEEMEN

President Horwell Selects Those Who Are to Aid Citizens' Association.

EARLY MEETING EXPECTED

When the council received and decided to comply with the request of the Citizens' Gas association at the meeting last night, President Horwell announced that he would name the committeemen today. At noon he gave out the following list of men who will serve on the committee: From the council, H. E. Bullock and Hugh Johnson; Trades and Labor Council, Criss McConnell and P. J. McKeone; business men, J. J. Purinton and H. W. Smith.

The communication from the association requested that Mr. Horwell also act on the committee, and he has consented to do so. He has announced that the body will hold a meeting at the city hall next Monday evening at 7:30, and it is expected that all will attend.

It is the intention of the committee to hold a meeting before the gas corporation is interviewed in order that a plan of procedure can be formed. A conference with the representatives of the gas company will then be sought, and the proposition of the citizens and business men laid before it in the hope that the company will change its avowed determination to raise the gas rates.

WITH THE WORKMEN IN THE CLAY PLANTS

MIND AND MATTER.

Something of mind and something of matter are necessary to the success of an enterprise. Without the informing spirit, the material substance lies inert, crude, valueless. Unless clothed in material envelope, the idea fails of its effect and purpose. The resources of Nature for ages await their master; those who shall extract from them service for human needs and pleasure. They remain hostile until chained by some Franklin, or unknown until unveiled by some Leonardo, some prophet after truth, some zealot of the cult of beauty.

Thoughts such as these cannot fail to suggest themselves to one who gives more than a passing consideration to the ceramic art as practiced in the New World, says Irene Sargent in the Craftsman for August. One who examines the mineral resources of the broad regions of our own country must, during examination, feel something deeper than the consciousness of their economic or artistic value. He must, however, matter-of-fact and stolid his nature, be awed by the truth—and the truth must force itself upon him—that these, "his brothers, the clods," through the infinite time which cannot be conceived, through the age of the Red Man, have awaited the moment of their birth into activity. But once touched by the quickening spirit of initiative, they have entered as factors into the economic problem of the nation and the world; they have added to the existing sum of beauty; they team with the possibilities of yet greater values and attainments.

The materials for the exercise of the potter's art lie rich and varied among us, being deposited in many sections—Massachusetts, New York, New Jersey, Ohio and much farther to the westward—and thus offering opportunity for the expression of the art-ideas of these widely differing populations. Art-ideas have not been wanting, and distinctive accomplishments in ceramics have already marked points in both east and west, while numerous towns and villages, until now unimportant, are gaining reputation from their potteries.

Varied amusements and sports were down on the program, which was as follows: Rowing race, first prize, hat worth \$3; second prize, pair of slippers. Ball game, Sebring second team vs. Canton second team. Swimming race, first prize, pair of shoes worth \$4; second prize, box of cigars. 100 yard dash, first prize, silk umbrella; second prize, 1 dozen pair of socks. Ball game, Sebring first team vs. Canton Monarchs. Bowling contest, prize for winners, one box of cigars.

Frank De Hass Robinson Proposes to
Give Clevelanders Cheap
Fare.

Cleveland, August 12.—"Yes, it is true that I am going back into the street railway business, in which I spent 30 years of my life," said Frank De Hass Robinson, "and I am going back into it right here in Cleveland, too."

"Some time ago I incorporated the Cleveland Traction company, with a nominal capital. I am now only waiting for the legal settlement of the fight between Mayor Tom and the 'Concon' in relation to the 3-cent franchise before getting back into the game."

"My proposition will be 3-cent straight cash fare, or 10 tickets for a quarter. With cars seating 75 people, as the open cars now in use will do, a car will earn \$30 a day, if not \$40."

"Moreover, I propose to have from 5,000 to 10,000 stockholders—a sort of miniature municipal ownership plan in itself. Any workman who has \$100, \$200 or \$500, can become a stockholder, and I expect to have 10,000 of them in our company. They will get a big return for their money. I have documents in my possession that show the enormous dividends the Concon is earning on the amount of money actually invested."

"As soon as the Cleveland Traction company is ready to go ahead we will submit bids for routes on a number of unoccupied streets, and then as fast as the franchises now held by the Concon expire, we will go after them and underbid the old company for their renewal. I have devoted all my life to the street railroad business, and when I say that 3-cent fare and 10 tickets for 25 cents will yield a handsome profit on the capital required to equip and operate a road, I am speaking as an experienced railroad man."

"I am keeping out of the present controversy because of the municipal ownership question involved; a question I regard as political and one in which I am not a believer. But I am a believer in 3-cent fare, and in 10 tickets for a quarter, and it is upon this basis that the Cleveland Traction company, of which I am the incorporator, will get into the field."

THE WATERING TROUGH

Board of Public Service Will Improve
the One on the Lisbon
Road Hill.

The board of public service yesterday afternoon made arrangements for the improvement of the watering trough on the Lisbon road, near the Felix Hulse property, and the alteration, when completed, will be a very great convenience to the farmers and others who travel that thoroughfare.

It is proposed to change the location of the trough to the opposite side of the road. It will be set up in such a manner that it can be supplied with water from the spring near the spot where the trough now stands. It is a matter of doubt in the minds of the board members as to whether the spring is on public property. Should it prove to be private, the consent of the owners must be secured. If permission is refused the trough will be left where it now is, but will be improved and the planking across the street railway repaired.

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Belleville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

THE MODERN SPECIFIC THAT PRODUCES Beauty and Strength!

Every man and woman wants to possess these, and there is no reason why they should not.

NERVAN TABLETS

The great nerve tonic and blood remedy, produce plumpness, rounds out hollows, bring the bloom of youth to the cheeks, and all who take them enjoy good health and strength. Nerve Tablets act on the nerves and blood and contain all the elements of life. Positively

**CURES KIDNEY AND BLADDER TROUBLES,
Rheumatism, All Diseases of the Blood, Backache, Nervous
Dyspepsia, Clear the Complexion and A.I.D.igestion.**

Give you a good appetite, renew life cells in young and old. Permanently restore youthful vigor and vitality. They tone up the whole system and make you feel like a new person. No remedy in the world to equal them. Take a few Nerve Tablets and note the wonderful effect.

ALCOHOL IN ALL LIQUID KIDNEY AND RHEUMATIC REMEDIES CONDEMNED THEM.

An ignorantly compounded remedy, containing alcohol, as nearly all kidney remedies do, will stimulate them so violently that an inflammation will be set up and instead of being merely lazy the kidneys will become diseased. Alcohol congests the kidneys with blood and retards their activity. There is no Alcohol in Nerve Tablets to interfere with the removal of all harmful sediment from the body. The Tablets soothe and heal the kidneys when they are irritated and inflamed. They cure the kidney diseases that make you dizzy, restless, sleepless and irritable; that make you pass water often during the day and night; that cause rheumatism, catarrh of the bladder, pain in the back, joints and muscles; that make your head ache and indigestion, stomach and liver trouble, and a sallow, yellow complexion.

No matter how many other remedies you may have tried and found useless, remember the great modern remedy, Nerve Tablets.

BUSINESS DONE WITH DISPATCH

Council Acted Upon a Number of
Important Ordi-
nances.

THE EAST END CAR LINE

Is Taken Up And the East Liverpool
Railway Company Notified to Ex-
tend Its Thompson Park Line in
Accordance With the Franchise.

Numerous ordinances were passed
by the council last night, and the en-
tire session was characterized by
prompt and business-like methods.
An ordinance providing for the clean-
ing of streets and alleys was up for
third reading and was passed without
comment. Like action was taken in
the matter of the law prohibiting the
accumulation of articles on the streets.
A measure declaring it unlawful to
tack bills, cards and other advertising
matter on poles and in public places,
was passed on its final reading, and
another measure outlining the method
and process of excavating on streets
and alleys in the city was given its
first reading and passed.

The street committee reported that
it had viewed the condition of Brad-
shaw avenue, and was of the opinion
that the sewer asked for by the resi-
dents there should be built at the cost
of the city. It was found, however,
that there was no money in the fund,
and the law was very explicit on the
subject. It was necessary, in order to
make the transaction legal, for the
auditor to certify that the money had
been appropriated before the contract
could be proceeded with. It was finally
decided that the council would
pledge itself to pay the amount, which
was thought to be about \$300, just as
soon as it was able if the property
owners along that thoroughfare would
advance the money. A motion to that
effect was passed.

Mr. Moon reported that the fire com-
mittee had decided to recommend the
repaving of every room in the city
building. It also decided to change
the quarters of the mayor and auditor.
It would be more convenient for the
mayor to occupy the present auditor's
office, and with a few alterations it
was proposed to move the auditor to
the north front room of the city build-
ing. No definite action was taken.

Mr. Bullock stated a committee had
investigated the damage claim of O.
E. Bowers for \$53 alleged to have
been sustained by reason of the bad
condition of Virginia avenue. The
claim was a just one in the opinion of
the committee, and it would recom-
mend a settlement. The matter will
be referred to the solicitor.

The report of the fire department
showed that 6 fire calls had been an-
swered, 27 patrol calls, and 5 ambu-
lance. The mayor made a report for
the month showing that \$277 had been
collected from all sources.

The auditor had prepared and sub-
mitted an appropriation ordinance in-
dicating that \$11,275 were needed for
the several funds.

A communication was received from
the citizens' gas association asking
that the president of council appoint
two members of council, two representa-
tives of organized labor and two busi-
ness men to act with himself in an at-
tempt to persuade the gas corporation to
reconsider its determination to
raise the rate. The communication
was received and President Horwell
has announced that he will comply
with the request within a few days.
It was explained that the object in
conferring with the gas corporation
was to give it a chance to make the
rate satisfactory to the consumers
before taking any radical steps to-
ward the enforcement of the ordinance
passed by council some time ago. The
company will be given an opportunity
to voluntarily change its plans, and
if it refuses, other plans will be for-
mulated.

An invitation was received from the
committee of arrangements for the
Labor Day celebration, asking that
the council and all city officials partici-
pate in the parade to be held on
the morning of September 7. The in-
vitation was accepted, and the council
will turn out.

The question of the indebtedness
of Homer Morris was again brought to
the attention of the council. The mat-
ter has been given an airing by every
council for several years, and involves
an agreement entered into by Morris
to pay so much from his wages each
month toward liquidating a debt owed
Captain Harry Palmer. President
Horwell was of the opinion that the
council could not interfere since it
was a private contract between the
parties, in which Morris had given a
personal note. Messrs. Johnston,
Moon and Barlow with the solicitor
will make another investigation, and
report at the next meeting.
The Sanitary Reduction company

had been unable to ascertain who was
liable for the payment of their bill
for disposing of garbage, and had not
been paid for three months. The bill
for \$300 was presented to council and
ordered paid.

Mr. Johnston referred to the fran-
chise of the East Liverpool railway,
stating that the latest franchise grant-
ed to that corporation provided for
the extension of its lines from Thomp-
son's park to the East End. No work
had been done to the present, and as
the franchise called for the completion
of the extension by November 1, he
asked that the service board noti-
fy the company it would be expected
to comply with the provisions of the
franchise in the matter of not only
the extension but the providing of
better rolling stock, or the franchise
will be revoked. He made a motion
to this effect, and it was adopted.

BISHOP VISITS THE PRESIDENT

Charles P. McClelland Tendered a
Membership on the Board of
Appraisers.

Oyster Bay, Aug. 12.—Mr. Knox re-
mained with the president less than
an hour. He returned to New York on
the 2:10 train. Before leaving he said
that the president had desired to dis-
cuss briefly with him two or three
matters concerning pending appoint-
ments under the department of justice.
Bishop O'Gorman, of Sioux Falls,
S. D., called upon the president to pay
his respects. He has known the presi-
dent a long time and, being in the
east, embraced the opportunity to call
upon him. It is understood that this
visit was not in any way significant.

As foretold in these dispatches,
the president tendered to Charles P.
McClelland, of West Chester county,
N. Y., a membership on the board of
general appraisers. Mr. McClelland
is a Democrat and a member of the
New York state senate from the
Twenty-second district. The appoint-
ment is to take effect on Oct. 1. If he
accepts the proffer Mr. McClelland
will succeed on the board Colonel J.
A. Jewell, resigned. The office car-
ries with it a salary of \$7,000 a year.

EAST END

THE BEN-HUR SOCIAL

Was a Success in Every Way—Plenty
of Music And Other En-
tertainment.

There was music and plenty of it in
the East End last night in connection
with the social and entertainment that
was given by Pan-American court.
Tribe of Ben Hur, at P. H. C. hall. Ev-
ery ticket to the entertainment was
disposed of and many were present
who attended without tickets. The
Wellsville Ben Hur orchestra furnish-
ed the music on the inside and the
bands of the local lodge and Ormes
brothers played outside the hall.

Everything in sight in the way of
eatables was consumed and the com-
mittee, who had the work of making
the preparations for the event, feel
highly gratified over the success of the
affair from a social, as well as a finan-
cial standpoint.

Improving the Streets.

Foreman Low Howard and a force
of men are making an appreciable im-
provement to the streets. The weeds
that had grown up very high on some
of the streets have been removed and
the accumulated debris taken away.
They will finish up the work on First
avenue today.

Two Strangers Arrive.

The population of the East End has
been increased by the arrival of two
young strangers, a young lady at the
home of Mr. and Mrs. Rudolph San-
ders, of St. George street, and a bright
baby boy at the home of Mr. and Mrs.
Charles Demmerling, of Pennsylvania
avenue.

Settled Out of Court.

The case brought by Mrs. Moorhead
against Lot Haney for illegal detention
of property in the court of Justice L.
W. Carman was settled out of court
in the absence of the justice. Haney
agreed to pay all costs of the action
and will remain on the property.

Potent Pill Pleasure.

The pills that are potent in their ac-
tion and pleasant in effect are DeWitt's
Little Early Risers. W. S. Philpot, of
Albany, Ga., says: "During a bilious
attack I took one. Small as it was it
did me more good than calomel, blue
mass or any other pills I ever took and
at the same time it effected me pleas-
antly. Little Early Risers are certainly
an ideal pill." Sold by Alvin H. Buiger.

The Macedonian Situation.

Rome, Aug. 12.—The minister of
marine has directed that a squadron
be kept in readiness to sail for the
east should the complications in Macedo-
nia make it necessary to protect
Italian subjects there.

Earthquake at Canda.

London, Aug. 12.—A dispatch from
Canda, island of Crete, says that an
earthquake occurred there at 6 o'clock
and that its duration was 32 seconds,
but that there were no casualties.

ifies the blood, invigorates the dis-
tinctive function, and imparts a tonic
influence to every nerve and tissue.

SERIOUS RESULT OF EXPLOSION

Four Persons Injured by the Explosion
of an Oil Can—Caused by
Bonfire.

Pittsburg, Aug. 12.—Four persons
were seriously burned by the explo-
sion of an oil can in a rear yard in
Langtry street, Allegheny. The in-
jured are: Louisa Francesco, aged
6 years, burned about the body and
hair singed; Mrs. Mary Francesco,
burned about the hands and arms
while trying to extinguish the flames
on her daughter's clothing; Jennie
Francesco, aged 11, burned about the
arms and shoulders; Annie Francesco,
aged 9, burned about back and legs.

The Francesco family live at No. 4
Langtry street. The father allowed
the three girls to go to a vacant lot
to burn a lot of newspapers. The pa-
pers were moist and did not burn well.
Louisa went to the house for some
coal oil. She returned in a few mo-
ments and poured the contents of the
can on the burning papers. In a mo-
ment the flames leaped up and reach-
ing the can ignited the fluid and
caused it to explode. Louisa was en-
veloped in flames and her two sisters,
who were standing nearby, were also
badly burned. Louisa ran to the house
with her clothes ablaze. Her mother
was attracted by the screams and beat
the flames out with her hands.

Excessive Cruelty Charged.

Millersville, Ga., Aug. 12.—In the
investigation here by the prison com-
mission of the charges of excessive
cruelty against Warden Allagood, of
the state prison farm, Miss Mamie
Deeris declared that it was not be-
cause she had been impertinent to the
wife of the warden that she was
whipped last June, but because the
warden had made improper proposals
to her, which she had indignantly re-
fused. The other side of the case has
not been reached yet, but Captain Al-
ligood declared the charge made by
the woman to be absolutely false.
"She had become unmanageable and
insolent to my wife," he said, "and
her example was destructive of dis-
cipline. I whipped her only after the
prison physician pronounced her con-
dition good. The punishment was
mild; she was not hurt."

Hurled Over Precipice.

Pittsburg, Aug. 12.—Hurled over a
precipice and tumbling and rolling 40
feet, Mrs. Frances Copeland, her
daughter Mary and her son William,
of near Bruce station, had a most nar-
row escape from a tragic death. The
scaring of a fractious horse caused
a team to run away and overturn a
wagon at the brink of a chasm, down
which three of the occupants were
thrown. The injured are: Mrs. Fran-
ces Copeland, aged 57, badly bruised;
Mary Copeland, aged 28, arm broken
and badly bruised; William Copeland,
aged 7, severely bruised.

Ready to Stand Trial.

Washington, Aug. 12.—The persist-
ent rumors that August W. Machen,
under indictment for various alleged
offenses in connection with postal con-
tracts, had left or contemplated leav-
ing the jurisdiction of the United
States in order to avoid trial, were
denied by Mr. Conrad H. Syme, asso-
ciate counsel for Machen. Mr. Syme
said that Mr. Machen has left Wash-
ington temporarily, for the purpose of
attending to purely personal business,
and will come to Washington and will
be ready to stand trial whenever the
time is set.

To Answer for Contempt of Court.

Bloomington, Ill., Aug. 12.—Dr. T.
H. Smith, of this city, has been cited
to answer on charges of contempt of
court. It is alleged that while Dr.
Smith, under order of the court, had
custody of the child of his son, Syd-
ney Smith, a newspaper artist of Pitts-
burg, the child's father, abducted the
little one. Dr. Smith is given one
week by the court to regain posses-
sion of the child. The child's father
will be prosecuted for abduction.

Hunt Abandoned.

Sacramento, Cal., Aug. 12.—Sheriff
Reese has practically abandoned the
hunt for the escaped convicts known
to have been in this city last Friday,
including Ray Fahey, a notorious high-
wayman. Sheriff Reese feels it is use-
less to further pursue an organized
chase for the escaped men. The five
convicts fleeing through the corral
flat country are believed to have es-
caped to the devil's basin region, a
rocky and heavily timbered section,
affording good shelter and protection.

Express Company Robbed.

Pittsburg, Aug. 12.—In one of the
busiest parts of the city a package
containing \$1,180 in bank notes was
taken from an express wagon belong-
ing to the United States Express com-
pany that was standing in the Balti-
more and Ohio railroad yards. One
man has been arrested on suspicion
of having committed the theft, but as
yet the detectives working on the case
have found no direct evidence against
him, nor has any clue to the where-
abouts of the money been discovered.

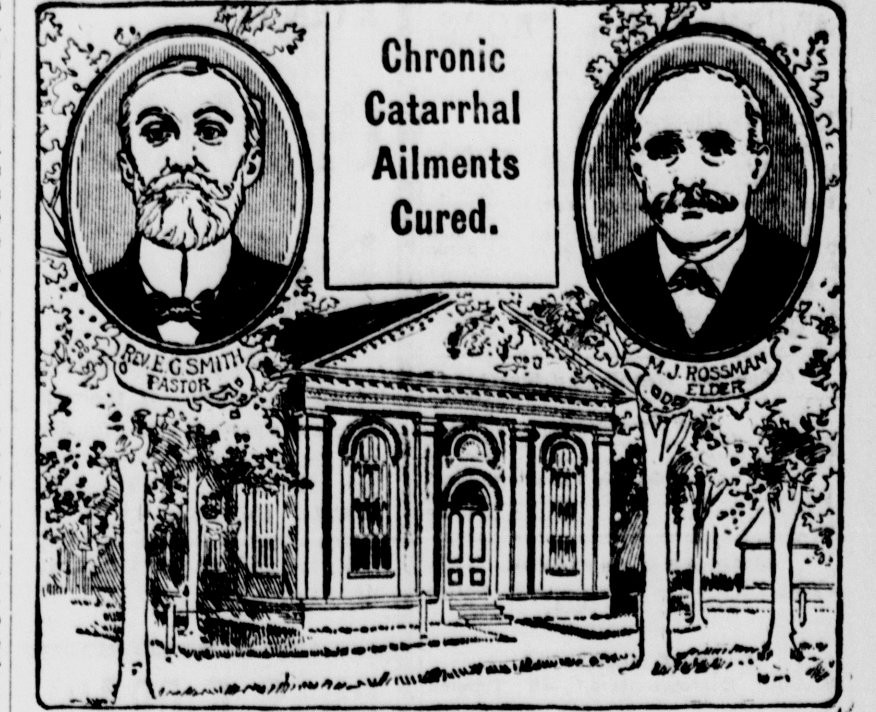

Cashier Missing.

Circleville, O., Aug. 12.—John K.
Brown, cashier of the Union bank at
New Holland, O., is missing and it is
said, is short nearly \$75,000. The
bank was unable to open, as Brown
has the combination. An expert from
Canton, O., opened the safe in the
presence of the directors and only
\$458 in coin was found.

A Destructive Tornado.

Blackwell, Okla., Aug. 12.—A ter-
rible tornado struck the town of Salt Fork, 20
miles southwest of here, and com-
pletely demolished the town, though
no one was killed. One person, a sec-
tion boss on the Frisco road, was
seriously injured.

PRESBYTERIAN PASTOR PRAISES PE-RU-NA.

First Presbyterian Church of Greensboro, Ga., and Its Pastor and Elder.

THE day was when men of promi-
nence hesitated to give their testi-
monials to proprietary medicines for
publication. This remains true today
of most proprietary medicines. But
Peruna has become so justly famous, its
merits are known to so many people of
high and low stations, that no one hesi-
tates to see his name in print recom-
mending Peruna.

The highest men in our nation have
given Peruna a strong endorsement.
Men representing all classes and sta-
tions are equally represented.
A dignified representative of the Pres-
byterian church in the person of Rev.
E. G. Smith does not hesitate to state
publicly that he has used Peruna in his
family and found it cured when other
remedies failed. In this statement the
Rev. Smith is supported by an elder in
his church.

Rev. E. G. Smith, pastor of the Presby-
terian church of Greensboro, Ga., writes:

"Having used Peruna in my family
for some time it gives me pleasure to
testify to its true worth.

"My little boy seven years of age had
been suffering for some time with cat-
arrh of the lower bowels. Other reme-
dies had failed, but after taking two
bottles of Peruna the trouble almost en-
tirely disappeared. For this special

malady I consider it well nigh a specific.

"As a tonic for weak and worn
out people it has few or no equals."
Rev. E. G. Smith.

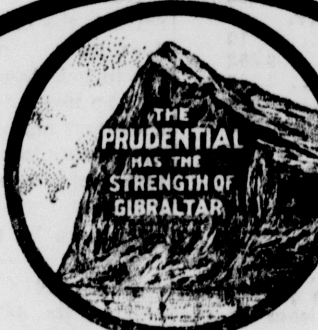

Mr. M. J. Rossman, a prominent mer-
chant of Greensboro, Ga., and an elder
in the Presbyterian church of that
place, has used Peruna, and in a recent
letter to The Peruna Medicine Co., of
Columbus, Ohio, writes as follows:

"For a long time I was troubled with
catarrh of the kidneys and tried many
remedies, all of which gave me no re-
lief. Peruna was recommended to me
by several friends, and after using a few
bottles I am pleased to say that the long
looked for relief was found and I am now
enjoying better health than I have for
years, and can heartily recommend
Peruna to all similarly afflicted. It is
certainly a grand medicine."—M. J.
Rossman.

Catarrh is essentially the same where-
ever located. Peruna cures catarrh
wherever located.

If you do not derive prompt and satis-
factory results from the use of Peruna,
write at once to Dr. Hartman, giving a
full statement of your case and he will
be pleased to give you his valuable ad-
vice gratis.

Address Dr. Hartman, President of
The Hartman Sanitarium, Columbus,
Ohio.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. Elithu Root is to retire from the cabi-
net at the close of the present year.
He is a strong man, but the president
will doubtless experience no difficulty
in finding one equally strong to re-
place him. America is never lacking
in men able to fill the places to which
they are called. That is the chief
factor in our national strength and
greatness. Mr. Root was a lawyer,
without military training, yet he has
made an efficient secretary of war.
It is characteristic of Americans that
they are guided by common sense,
rather than by iron-clad rules. Mr.
Root applied business principles to his
administration of the war department,
and succeeded admirably. His suc-
cessor, who is likely to be Judge Taft,
is sure to do likewise, and the presi-
dent's cabinet will be as efficient as
ever. The right man for an impor-
tant place is never hard to find in this
country.

Council, as was expected, has again
gone on record in favor of a reduced
police force, in open defiance of the

will and interests of an overwhelming
majority of the citizens of East Liver-
pool. It had a chance to redeem it-
self, but foolishly refused to make
amends. This fact will be remembered
when gentlemen of the present coun-
cil seek re-election, as some of them
are quite likely to do. The ousting of
Chief of Police John Wyman, the
ablest and most faithful official the
city has had in the police department
for years, was the aim and object of
the villainous ordinance reducing the
number of patrolmen. His removal
has not yet been accomplished, and
certainly will not be effected without
a struggle. The mayor and the citi-
zens who are supporting him in his
determination to maintain efficiency in
the police department deserve to suc-
ceed, and will succeed in spite of coun-
cil, if right and the people's wishes
triumph. For in this case council
viciously misrepresents the best senti-
ment of the best people of the city.

Now that one railroad problem is
settled, the city is ready for another.
Just let a line that means business
try to get through town and the way
will be made easy. We ought to have
a vigilant and diligent Business Men's
Association to point out to the railroad
promoters the advantages of East Liver-
pool and the business that could be
done here by a competing line.

One county in Pennsylvania has
elected its delegates to the coming
Republican national convention and
instructed them for Roosevelt. They
are the advance guard of a little but
powerful army that will do business
next year.

One fool reporter in East Liverpool
is trying his best to convince himself
that he is the whole city administration.
He is the only person who is un-
aware how ridiculous he and his
claims are.

The two Populist parties are going
to unite on the same man for presi-
dent. There was a time when such
an announcement would have been of
interest, but that day is past forever.

The railroad problem is settled and
settled to the satisfaction of the pub-
lic. Now let the improvements be
hastened and all will be forgiven.

SEC. ROOT TO RESIGN

The Resignation Will Take
Effect About the First
of January.

TAFT TO BE HIS SUCCESSOR

Friendship for the President and In-
terest in Pending Questions in War
Department Have Caused Him to
Remain Longer Than He Intended.

Washington, Aug. 12.—Before Sec-
retary Root sails for London to sit
with the Alaskan commission he will
place his resignation in the hands of
President Roosevelt in order that the
president may appoint a secretary of
war if it is deemed necessary during
Mr. Root's absence. It is expected,
however, that the resignation will not
be acted upon until after congress
meets. The appointment of Mr. Root's
successor will depend somewhat upon
the length of time that Secretary
Root will be engaged upon the Alaskan
boundary commission.

It has been known for some time
that Secretary Root intended to re-
tire, but he did not wish to leave the
department until the general staff bill

ELITHU ROOT.

was in operation and other matters
pertaining to the department were
well under way. It is understood that
the matter of his successor has been
discussed, and while nothing official
can be obtained it is believed that the
position will be tendered to Governor
Taft.

Oyster Bay, Aug. 12.—Elihu Root
will resign as secretary of war, the
resignation to take effect about the
first of next January. He will be suc-
ceeded, unless present plans miscarry,
by Judge William H. Taft, now gov-
ernor of the Philippines.

For a long time Secretary Root has
desired, for pressing private reasons
to retire from the cabinet. When Mr.
Roosevelt became president Secretary
Root indicated his wish to leave the
cabinet within a year, but his friend-
ship for the president and his interest
in pending questions before the war
department caused him to remain for
a longer period than he had intended.

It can be said that the president
expects that the country will have
the benefit of Secretary Root's ser-
vices yet for several months, certainly
until the beginning of the next year.

That Governor Taft will be Mr.
Root's successor as secretary of war
there can be little or no doubt. He is
familiar with many of the problems
which the secretary of war will have
to meet and solve; he is a warm per-
sonal friend of the president, who has
an abiding confidence in his ability
and patriotism, and it is understood
that he would welcome the change
involved.

Marshalltown, Ia., Aug. 12.—The 7-
year-old daughter of I. A. Macon, a

large and excited mob is in pursuit

Receiver's Report Accepted.
Cleveland, Aug. 12.—The affairs of
the United States Carbon company,
which failed about a year ago, were
wound up by the court's acceptance of
the receiver's report and by the lat-
ter's discharge. The property was
sold for \$7,000 and the sum was used
in paying off creditors, netting them
a trifle over 36 per cent. The total
due creditors was \$222,864.

Cares of Office Telling on Pope.
Rome, Aug. 12.—The pope retired
earlier than usual, saying that he felt
quite recovered. His intimates, how-
ever, say that he is much changed
since his election and seems to have
grown years older. His sisters at
Venice were much alarmed over the
news of his indisposition and have de-
cided to come to Rome to attend him.

WELLSVILLE

KNOWS MI-O-NA

WILL DO COOD

Will Reed Has Such Faith in This Remarkable Flesh-Forming Food That He Sells It Under Guarantee.

It is an unusual thing for a druggist to sell a medicine under a guarantee to refund the money if it does not give satisfaction, yet this is the way Will Reed, whose word is as good as his bond, is selling Mi-o-na, the remarkable flesh-forming food and cure for dyspepsia.

Never before has he had so large a number of customers tell him that a medicine has cured, as since he began selling Mi-o-na.

There is no longer any need of anyone's suffering or making their friends suffer because of stomach trouble or distressing thinness.

Mi-o-na can be relied upon to regulate and strengthen the digestive organs and to build up good, solid, beautiful flesh. Will Reed takes all the risk by selling this preparation under a guarantee to return the money, if it does not give satisfaction. He will sign an agreement to this effect, and take your word as to whether Mi-o-na cures or not.

Headaches, all forms of indigestion, specks before the eyes, dizzy feeling ringing in the ears, all forms of liver troubles, emaciation, and general run-down conditions are cured by Mi-o-na. A few days' treatment shows a considerable gain in health, and a cure speedily follows.

Now is the best time in the whole year for the enjoyment of good health. Use Mi-o-na and you will soon be in such perfect condition that you can enjoy every minute.

has been elected cashier of the latter institution. He made an excellent record as a financier and business man while in Alliance and Wellsville, and his many friends in this vicinity will rejoice to hear of his advancement.

Of him the Zanesville Times-Record says:

"Mr. Sharer came to Zanesville fully equipped for the responsibilities of a position in a banking house of the magnitude of the First National, having for seven years past been associated as assistant and afterward as cashier of a bank at Wellsville, O., and since his arrival, some two weeks ago, has made many acquaintances among the business men and manufacturers while serving the First National as assistant cashier. Altogether the move may be highly commended, and taken as an indication of the upward tendency of the bank's business."

Off For Convention.

A large party of the trustees and members of the Central Building and Loan association and the Perpetual Savings and Loan company, of this city, left on the afternoon train yesterday for Put-in-Bay, Mich., where they will attend the fifteenth annual meeting of the Ohio Building Association League, which will be held there on August 12 and 13. The party was composed of George B. Aten and daughter, Bernard Rand and wife, H. C. Wells and daughter, J. C. Catlett and wife and Frank L. Wells, of the Perpetual company, and C. V. Shoub, J. T. Warren, B. D. Beacom and John Russell, of the Central association.

THE MAYOR POINTS OUT THAT COUNCIL IS WRONG

Continued from First Page.

by the operation of the code on May 12."

"That is a muddle the council got into early in the dispute, and is entirely wrong. There can be no classification, according to the code, until after a police ordinance is passed by the council and an examination is held in accordance with its provisions by the board of public safety. The operation of the code simply made the present police force sure of their places as policemen."

"The men now on the force are not even bound to compete in the examinations. If they expect to be candidates for chief of police they must compete, but so long as they remain where they now are and comply with the rules of the board and the code they are fixtures. This condition, however, does not prevent others from competing for the position of chief of police or police officers, and as many as desire may present their names and enter the contest. No man who has not competed for and successfully passed the examination can be eligible to the position of chief of police."

CALF AND CHICKENS STOLEN AND KILLED

Daring Thieves Rob Farmers And Butcher Live Stock in the Road.

A daring act was committed by some one unknown Monday night at the place of Mr. Hoy, on the Fairview road. Mr. Hoy had a two-months-old calf in a pen close to the house and some miscreant carried the calf a short distance and butchered it, leaving the entrails on the ground. Close to the spot where the calf had been killed was a number of heads of chickens and feathers.

At Martin, who resides about a mile back of Chester, was in town today and reported that his poultry yard had been visited the same night and a number of chickens were found to be missing the next morning. J. C. Cunningham also missed a sheep that is supposed to have gone along with the chickens and the calf. The farmers will keep a close watch from now on of their pens and poultry yards.

NO SPECIAL SESSION

A Quorum of Council Not Present at the Meeting to Discuss Curbing Question.

The special session of council that was to have been held last night did not take place owing to a quorum not being present. The meeting was for the purpose of talking over the matter of curbing Second street continuously from the bridge to Virginia avenue, which move met with the strenuous objection of John Shrader.

The town hall was well filled by interested property owners and spectators, who were disappointed that the meeting was not held. The action that council had taken in closing the former county road was compromised by the street committee and the objecting property owners through the arrangement that the curbing be laid flat instead of upright. It can then be paved up to and will still leave access to the road. Interested ones are satisfied.

Will Buy a Costly Safe.

A representative of the Barnes Safe and Lock company met with the officers of the new bank today for the purpose of informing the officers on the style and build of safes which the bank will require. Safes of three different makes have been inspected and the safe decided on will cost in the neighborhood of \$2,250. The officers of the bank think it policy to make a purchase of one that will answer all requirements, when it becomes necessary to move to new quarters later on.

Burgettstown Excursionists.

There are 1,470 people at Rock Springs park today, excursionists from Burgettstown, Pa., and surrounding country. They came in trains of two sections and are a nice crowd of picnicers. Quite a number of them will stay over until tomorrow to be present at the Dawson reunion.

ORDINANCE PASSED

WITH FEW CHANGES

Continued from First Page

crossings in the East End district that should be opened before the ordinance passed, or the chances were they never would be opened.

W. Calhoun here secured Councilman Johnston's ear from the lobby, and that gentleman was treated to the old story concerning Washington and Federal streets in Jethro. It will be remembered the ground was gone over several months ago by a committee of council, and at that time the people of Jethro wanted Washington street opened, but were not ready at the time, and it developed later that whenever the necessity demanded the city could open the street, and it had been dropped.

Councilman Johnston had not been at the conference the previous evening, and was, therefore, not aware that these matters had all been discussed and disposed of at that time. He, therefore, took up Calhoun's kick and devoted some time to an explanation of what he knew concerning it. Calhoun attempted to "butt" in while the discussion was in progress, but was ignored by the chair, and Solicitor Davidson proceeded to explain the law on the question of opening streets and alleys across a railroad. The law was more explicit than was at first thought, and provides that when, in the opinion of the members of council, it is necessary for the public convenience and good to have a street crossing established, it can be done by the process of law in spite of any opposition on the part of the railroad company. The explanation was entirely satisfactory to Mr. Johnston, at least, and the ordinance went through with but one dissenting vote, that of Smith.

The Pennsylvania company is now in position to proceed with the double tracking of its system through the city without any hindrance from any source. The action of the council in passing the ordinance without the delay attending a formal three reading process is gratifying to a long suffering public. For months the manufacturers and business men have hoped that the question could be brought to a speedy termination in order that the freight and passenger service on the C. & P. system could be improved. Realizing that this wish could only be realized through favorable action on the part of the city council on many requests made by the railroad company, the business interests of the city can but feel that the council adopted a wise course.

There was no disposition on the part of the railroad corporation to dodge any of the demands made by the city, and there was not a time since the negotiations began that they refused to meet the city's representatives half way in the settlement of the many perplexing propositions which have confronted the conferees.

The city of East Liverpool has been given everything that it asked which was reasonable and practicable. A number of clauses were found in the old original list of demands that were both superfluous and unreasonable. These were eliminated, of course, with the full knowledge and consent of the representatives of the city. On the other hand there were items of great importance to the public which the council and board of public services were determined to include, and to which the railroad corporation readily consented. There never was a time when the city's best interests were lost sight of, and there was no sign of weakness at any stage in the negotiations. The council is to be congratulated upon the wisdom and good judgment which characterized its attitude throughout the entire proceeding, and the public should feel grateful in consequence.

FARMER'S HORSE

INSTANTLY KILLED

Runaway Outfit Collided With It, Driving the Shaft Into Its Body.

George Connell, who resides in the country a short distance north of this city, lost a valuable horse yesterday afternoon in an accident which occurred at the intersection of Third and Lisbon streets.

A horse belonging to Mr. Deimer, the third street baker, and hitched to his delivery wagon, while standing in front of the bakery became frightened at the water issuing from a garden hose across the street. The horse ran down Third street with an speed and attempted to make a quick turn at the intersection of Third and Lisbon streets. The result was that it ran alongside of Connell's horse, which was being driven by his father-in-law, Daniel Tarr. The shaft of Deimer's wagon was plunged into the side of the Connell horse and went half way through the animal's body. A very few minutes later the horse dropped dead in the shafts, blood having issued from its body with every breath.

Neither the Deimer wagon nor Connell's buggy was damaged and Mr. Tarr was uninjured.

GOZZIE IS NOT A SUCCESS

Famous Second Baseman Did Not
Come Up to Expectations of Local
Fans, Who Think He Has Been
Overrated.

When Gibby fired McKee's boulder to Houser and nailed Blount at base No. 2 for the third out in yesterday's game, the face of Uncle Morg Winters weathered itself in smiles and he stuffed his glove into a rear pocket and took a short cut for home. Morg was happy and hungry, for he had won another great victory, all the sweeter because it had been snatched from the very jaws of adversity. It was a great game with plenty of heart aches and joyful periods, and the locals won on clean, consecutive hitting and daring base running.

"Where's Gozzie?" was the cry of the fans as they watched the Ohio Works team take the field for preliminary practice. The uncrowned king of second sackers was the cynosure of all eyes, but he brought nothing but disappointment to those who were ready to do him homage. It was the general opinion that he has been greatly overrated, but at that he plays the game from start to finish, his weakest point being his stick work. For some time Gozzie has been handicapped with a sore arm and this was very apparent in the game yesterday, his error being a poor throw home to catch Webb, who was trying to score on Reark's single.

Uncle Morg didn't have any new fan-gled breakfast foods, but he fed them on slow benders and wide drops, and although he was touched up rather lively he had the best of the pitching argument, becoming more effective as the game advanced, while Armstrong weakened. After the fourth the visitors failed to get a run. The infield had plenty to do and had it not been for his poor throwing Gibby would have outclassed James, of the visitors. Several of Gibby's chances were very difficult and he handled them all nicely until it came to throwing to first.

Webb distinguished himself on the first putout of the game by making a fine running catch of Blount's fly and the next two hitters went out in order. In the local's half, Gibby scratched in a two-bagger, but was caught at second, Gozzie to James. Stillwell was safe on Armstrong's error and he stole second, scoring on another battery offense, this time by Crawford, who threw wild to second to catch Houser trying to steal after getting a start via the Big Four route.

Keller walked in the second, but he was caught napping, Winters to Wallace, James and Resch tripled in rapid succession, the latter scoring when Houser threw badly to Brown. The locals evened up in their half. After Webb had assaulted the atmosphere, Reark hit for a couple and scored on Winters' safety along the third base line. Gibson sent Morg on to third with a safety, but Stillwell died, James to Fisher.

Two more came for the visitors in the third. With one down Gibby made a mess of Blount's grounder and the runner moved on to third. He repeated the operation on McKee's grounder, allowing Blount to score, McKee going to second. Gozzie skied to Stillwell and McKee sprinted to third after the ball was caught. Keller scored him on a single.

The locals were retired in order in the next three innings and in the sixth two singles did not get them a run. Middle Fielder Flesch certainly had his batting eye and in the fourth sent one to the fence in left that got lost in the weeds, he making the circuit easily. That tally was the end of the book for the visitors.

Maybe a few of the loyal were hoping against hope when the locals came to the bat in the eighth, but they did not make much fuss about it. There was a great cheer, however, when Houser, after Wallace had been disposed of, cracked out a pretty single. There was more cheering when Brown helped him up to third with a single. He of the mighty whip immediately stole second. Webb made it three straight for the inning with a grasser and Houser and Brown scored. Then everybody yelled and roared. Reark followed with his second safety of the game and Webb tried for home. The famous Gozzie threw wild to Crawford and he muffed, Webb scoring and Reark taking third. Reark was pranc-

ing around third like a two-year-old finally drawing a throw from Crawford and as he had hoped it was a wild one, permitting him to score with the winning run.

The visitors made a desperate try in the ninth, but could not reach. After Fisher had been retired Starr was sent to bat for Crawford, but he failed. Brown to Wallace, Armstrong and Blount singled, but the latter was forced at second, Gibson to Houser, on McKee's grounder.

Features of the Game.

Some more games with the Ohio Works team would take well with the fans.
Signor Gozzie hasn't anything on Ward, Kent's second sacker, judging from yesterday's exhibition.
Manager Reark was in the game yesterday with his little swastick and both of his safeties were timely.
Umpire Tyson retired in the seventh and Tommy Davis took his place. That judge of play job is a thankless one.
Maag failed to respond to Manager Reark's summons and Gibson was switched back to short, Stillwell going to right.

The Youngstown players had very little kicking to do yesterday, and if anything had a shade the best of the umpiring.
Stillwell might have landed Resch's triple in the second had it not been for the ditch. It is a serious handicap to a right gardener.
There has not been a prettier batting rally on the local grounds this season than that of the eighth inning yesterday. It was the kind to bring delight to the hearts of the fans.

Webb distinguished himself on the first putout of the game by making a fine running catch of Blount's fly and the next two hitters went out in order. In the local's half, Gibby scratched in a two-bagger, but was caught at second, Gozzie to James. The Boston Nationals want Pitcher

Mrs. Tupman, a prominent lady of Richmond, Va., a great sufferer with woman's troubles, tells how she was cured.

"For some years I suffered with backache, severe bearing-down pains, leucorrhoea, and falling of the womb. I tried many remedies, but nothing gave any positive relief.
"I commenced taking Lydia E. Pinkham's Vegetable Compound in June, 1901. When I had taken the first half bottle, I felt a vast improvement, and have now taken ten bottles with the result that I feel like a new woman. When I commenced taking the Vegetable Compound I felt all worn out and was fast approaching complete nervous collapse. I weighed only 98 pounds. Now I weigh 109½ pounds and am improving every day. I gladly testify to the benefits received."

Save the Children.

Ninety-nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St., Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers." Kodol digests what you eat and makes the stomach well. Sold by Alvin H. Bulger.

"The Allen's Place Raided."

New York, Aug. 12.—The alleged poolroom conducted by "The" Allen in Sixth avenue was raided for the eighty-eighth time, according to the count kept by the police. Four hundred men, whites and negroes, were caught in the place, but only four were placed under arrest. The place was heavily fortified with iron bars at all the doors and windows, but a squad of detectives succeeded in catching the "lookouts" off their guard and dashed through the front door when it was left a trifle open.

THE TUNNEL HORROR

Paris Appalled at Frightful
Calamity Which Cost
Many Lives.

VICTIMS STRANGLERED TO DEATH

The Names and Occupations of the
Victims Gave Pathetic Evidence of
Their Humble Condition—King Edward Sends Sympathy.

Paris, Aug. 12.—Paris is appalled. That is the only word that can describe the feeling among the population caused by the terrible catastrophe that happened on Monday night. About 7:30 o'clock at night two trains traveling on the No. 2 line of the Metropolitan Underground railway, running along the exterior boulevards, caught fire. They were each composed of eight cars crowded with passengers, but these managed to escape. Then a third train came along and dashed into the smoke. In endeavoring to escape more than four score were suffocated.

Eugene Olivier, one of the few survivors, describes the terrible panic which occurred in the darkness. The people, he says, rushed and fought with one another, madly seeking to get away. He was sick, but nerved to desperation by the situation, managed to get through the struggling mass. As he went he passed over the bodies of those who had fallen, but it was impossible to render them aid.

A survivor named Jules Boat describes the struggle during the panic in the tunnel as terrible. Women were screaming, "Save me! Save me!" An old man fell suffocated at his feet. The women screamed until they fell asphyxiated.

M. Gauthier, the magistrate for the district, says one of the main causes of the loss of life was that those escaping took the wrong exit, and passed

sage letting out to the street, while the other was barred, as it was usually used for admitting passengers. Many of the victims sought the barred exit and were found massed against the wall where they had slowly suffocated.

M. Blenvenne, the chief engineer of the Metropolitan railroad, says from the technical point of view every precaution to avoid danger was taken.

At the American consulate it was learned that there were no Americans among the victims.

Premier Combes descended into the tunnel and made a personal lengthy inspection. Colonel Meaux St. Marc, on behalf of President Loubet, visited the morgue, and M. Hurteaux, procureur of the republic, and Judge Joliot, of the Seine tribunal, have opened a judicial investigation into the affair.

The names and occupations of the victims gave pathetic evidence of their humble condition. The names are characteristic of the French working classes and occupations are given as painter, mason, plumber, tailor, seamstress, locksmith, etc. Outside the workmen about every third name is that of a woman. Pitiful scenes were enacted at the morgue throughout the day as the relatives gathered seeking to identify the bodies, which were ranged in long lines on white marble slabs. The clothing of many of the victims is torn, showing the fierceness of the struggle.

THE MAYOR POINTS OUT THAT COUNCIL IS WRONG

Assumption That the City Has a Classified Police Force Will Not Hold Good.

ANY CITIZEN MAY COMPETE FOR CHIEF

The police ordinance passed council last night on its third reading, over the mayor's veto, without discussion. Only the vote of Mr. Smith was recorded in the negative.

"The action of the city council in passing the police ordinance was not a surprise," said Mayor W. A. Weaver when interviewed by a reporter today. "I am satisfied that the course was decided upon at the very first caucus held by the council after its organization. There was not a time that I doubted the intention, and I do not believe any influence, however strong, could have been brought to bear that would have changed the result."

"Would you mind telling me what you propose to do now that the ordinance has passed and the council has determined to defeat your aims, if possible?" asked the reporter.

"I will do nothing until the board of public safety has completed its list of rules, and they are adopted. Until they have compiled the rules and lists of questions to be used in the examination, there will be no classified list; of that I am certain, and there will be nothing for me to do. The board, I understand, has nearly completed this

duty, and may be ready to pass upon the matter at its meeting this week. As soon as the list is completed the board will advertise the examination, at the conclusion of which, and not until then, there will be a classified list of officers in East Liverpool."

"Will the list of appointments already made by you still continue to hold good after the classification takes place?"

"The appointment of the chief of police was temporary. It could not be otherwise. There was no classified list at the time it was necessary to fill the vacancy, and there can be no permanent appointment other than from the classified list. The safety board will probably be given 30 days in which to finish up the examination. At the end of that time the permanent appointment can be made. The competition is open to every citizen of the state of Ohio who has been a resident of the city for one year, and there will be an abundance of material from which to select a chief of police."

"What is your idea with regard to the assertion that the present members of the police force are already on the classified list, having become so

MUSICIANS' SUITS AGAINST OFFICERS

Case of Eighth Regiment Band Appealed to Ohio Supreme Court.

RIGHTS OF HEALTH BOARDS

From a Staff Correspondent.

Columbus, August 12.—The case of the Eighth regiment band of Akron against the officers of that command for extra pay amounting to \$1,479.29 for services rendered during the Spanish-American war is now in the supreme court. The suit was brought against Colonel Curtis V. Hard, of Wooster; Lieutenant Colonel Charles Dick, now commander of the Ohio National Guard, and other officers of the regiment by the band members soon after the close of the war, judgment being given them for the sum stated by the courts of Summit county. Representing the officers, General Dick has filed an appeal from the lower courts with the highest court. When the regiment was at Camp Bushnell, Columbus, in the spring of 1898, an agreement was entered into, it is claimed, whereby the band was to receive extra money, to be paid by the regiment, in addition to the regular allowance of the government. Service was secured by Colonel Hard and other officers while they were in Akron attending the first reunion of the regiment. Columbiana county boys who served in the command will remember it was understood each soldier was to bear a portion of the extra pay for the band, but for some reason unknown no attempt was made to carry out this financial part of the contract.

Dr. C. O. Probst, secretary of the state board of health, reports that smallpox has been almost entirely stamped out in Ohio. In Cleveland, where the malady raged for months, there are no cases. The worst situation now is at Massillon, where there are 18 cases. There were more than 100 cases in Columbus last winter, but the city has been free from the disease for several months. Milo, a suburb of this city, has nine cases. Columbiana has several cases which are believed to be under control. The state board is at work on a campaign for the complete eradication of the disease from the state. Smallpox has been present continually for several years and was brought in the state by circus employees.

WORK OF SURVEYORS TO BE RESUMED

Youngstown & Southern Line Expected to Reach Lisbon By November.

Lisbon, August 12.—(Special)—Three representatives of the Youngstown & Southern Railway company, J. R. Long, right of way man; George Tod, Jr., civil engineer and Ernest Gonzenbach, electrical engineer, are here today, preparatory to the early starting of work in this vicinity. Mr. Gonzenbach planned one of the extensive third rail interurban systems now in operation near Chicago.

It is confidently asserted that the line will be completed to Lisbon by the last of November.

Going to Tour the East.

M. O'Brien left yesterday afternoon for Buffalo, N. Y., where he will complete the details for the tour of the Ruth Shea Choir Transformation company. The season will undoubtedly be a successful one, as Mr. O'Brien, who has the tour in charge, is one of the best managers in the business. The company are industriously rehearsing and will be occupied until the very day of their departure.

A GRAND FREE OUTING FOR SCHOOL CHILDREN

All the Young Folks of This City, Wellsville and Chester, Between the Ages of 5 and 15, Invited to Be the News Review's Guests September 15.

The event of the season for the young folks of East Liverpool and vicinity will be the News Review's first annual outing and picnic. Details are being arranged for it. The date will be Tuesday, September 15, and the place Rock Springs Park. A program of surpassing excellence will be announced later. Suffice it to say, there will be plenty of music, sports and other entertaining features that will be attractive and enjoyable both for old and young.

The News Review wants every child in East Liverpool, Wellsville and Chester, who is old enough to take part in the gala occasion, to be present, and

extends a special invitation for them, to do so. It is probable that all the schools in the three towns will close on the day named, that their pupils may enjoy the outing. The News Review has engaged the park for the day and evening and will pay for the transportation of all children between the ages of 5 and 15 years who are to be its guests. It makes no difference whether their parents are subscribers for the paper or not; the children will all be welcome, and it is confidently expected that they will be there by thousands. Older folks are invited also, but they must pay their own fares. Aside from what the park offers regularly in the way of attractions, special features that will be novel, entertaining and excellent will be provided. Full announcement of the program for the day will be made later. All of East Liverpool, even to the remotest limit; all of Wellsville and Chester, are included in the News Review's offer of a free ride for all children of 15 years or younger to the park and return, and a day of enjoyment that will equal, if it does not eclipse, any previous outing ever given to the youngsters.

Children, watch the columns of this paper for details and instructions, and be on hand when the cars start for the park on the morning of September 15.

TOOK A SLEEP ON THE CAR TRACK

Officer Dawson Disturbed Albert Willis' Slumbers And Took Him to Jail.

Becoming sleepy after a night of drinking Albert Willis, employed by the C. & P. contractors, sought repose on the street car track near Thompson's pottery this morning. His head and arms were dangerously near the rails, and although one car passed by him safely he would have sustained injuries had he raised his head or extended his arms.

Officer Dawson disturbed his slumbers and sent him to the city jail. After a few hours sleep Willis, in trying to descend from the upper bunk in his cell, made a misstep and gave his ankle a severe twist. He drew the usual \$1 and costs for a plain drunk.

NEW SCHOOL HOUSE FOR DIXONVILLE

But three bids were received, as follows: Robert Hailes, \$1,025; C. M. Bahr, \$962; S. C. Hill, \$867.50.

A meeting of the township board of education will be held at the city hall on Saturday evening at which time it is probable the contract will be let.

HURRICANE CAUSES LOSS OF SEVERAL MILLIONS

TURKS HAVE KILLED 150 REVOLUTIONISTS

A Bloody Battle Reported at Scrovitch in Which the Revolutionists Were Worst.

Sofia, Bulgaria, August 12.—(Special).—Turks report killing 150 revolutionists in a fight at Scrovitch. The massacre continues along the Bulgarian frontier.

The insurgents have blown up a bridge 60 yards long near Gievgyeli, on the Salonica-Uskub railway. Representatives of the Macedonian revolutionary committee have asked all Bulgarians to help the insurgents.

HIDDEN REVOLVER FOUND BY A BOY

He Handled It Carelessly and Got An Ugly Wound in His Hand.

A VERY LUCKY ESCAPE

Mr. and Mrs. C. Nick Muessig are very thankful that an accident which their 10-year-old son, Arthur, met with, is not more serious. The Muessig family have just finished moving from the city to the new dwelling which Mr. Muessig had built above Rock Springs park.

The most of the household goods were still packed in boxes and tied up, when the boy asked his mother for a clean waist. Mrs. Muessig sent him to the attic, where she told him one of the baskets he would find the garment.

The boy got to looking through the wrong basket, and found a loaded 32-calibre revolver. He picked up the weapon and while carelessly handling it, one of the cartridges was exploded, the bullet going partly through the fleshy part of the left hand next to the index finger, and coming out on the other side. Mrs. Muessig heard the report of the revolver and hastened to the attic, where she found the boy, the blood spurting from the wound.

Dr. G. E. Lewis was called and dressed the injured hand, which was thoroughly blackened by the closeness of the explosion. The finger was badly numbed and for a time the physician thought that amputation would be necessary, but this morning the numbness had left and there is no danger feared unless blood poisoning should set in.

HIS MOTOR CAR BECAME UNMANAGEABLE

Driver's Presence of Mind Quickly Averted a Serious Accident.

An unmanageable motor car, driven by W. K. Cummings, of Wellsville, and containing himself and wife and a small child, came near causing a serious accident yesterday afternoon on Pennsylvania avenue, near the home of Prosecuting Attorney Jason H. Brookes.

Mr. Cummings had started to turn the machine in the road when it became unmanageable for the moment and approached to within a few inches of the edge of the steep bank. As the machine failed to respond to the steering apparatus, Mr. Cummings jumped out and veered its course by catching one of the front wheels.

"Resolved, that we, the Business Men's association of Lisbon and individual users of 'phones, decline to approve that higher rate, and that we will not accept any contract unless the same is in accordance with the rates as limited in the ordinance and franchise of the village council, or until the legality of the same is settled."

The association having decided to forego its annual picnic, the Lisbon Grocers' association has taken up the matter and appointed a committee to see what arrangements can be made and to report. The committee consists of William Hill, Frank Kiddie and Calvin Helman.

ORDINANCE PASSED WITH FEW CHANGES

Railroad Company Authorized to Proceed With Double-Tracking Work in the City.

THE BUSINESS MEN ARE MUCH GRATIFIED

With but few minor alterations the list of requests made by the Pennsylvania company many months ago, together with the demands from the city in consideration thereof, went through the city council last night in the shape of an ordinance. The ordinance was drafted several days ago, and as was detailed in yesterday's News Review, had been revised and amended by the board of public service, representatives of the railroad company and members of council on Monday evening. So when the measure came before the council in regular session assembled, there was but one hitch in the proceedings, that being a clause which had been overlooked in revising the law.

The ordinance was entitled "An ordinance granting certain privileges to the Pennsylvania Railroad company and demanding certain concessions for the city of East Liverpool." When Auditor Davidson had finished reading the ordinance Mr. Cannon remembered that the clause with reference to the location of a freight station on the hill had been overlooked on rewriting the bill preparatory to its presentation to council. Mr. Cannon stated it had been agreed upon at the conference on

the night previous that whenever the manufacturing and business interests of the city should deem it a necessity a freight station should be erected by the company in the upper or hill yards. The clerk was instructed to insert the clause.

Mr. Smith, who had been strong in his demands for more recognition for the East End, and who had fought hard at the conference for several concessions from the company, was even more determined than ever to bring about the desired changes. He asked why it was that the East End had been so totally ignored in the transaction, and could not see the wisdom of pushing the ordinance through on suspension of the rules, as had been proposed by Mr. Bullock. He failed to find anything in the ordinance as it now stands providing for the establishment and maintenance of a crossing at Elizabeth street. In the opinion of the people of the East End, the crossing was an absolute necessity, and they wanted it. There was no reason why the city should be required to give away the 20-foot alley near the proposed new station site without anything in return. There were also many

Women in a Row.

There was a large-sized row on Peake's Point yesterday, and as a result Mrs. M. E. Marshall swore out a warrant for the arrest of Mrs. Eva Flesch, charging her with a breach of the peace. ANTI-GAS TRUST COMMITTEEMEN

President Horwell Selects Those Who Are to Aid Citizens' Association.

EARLY MEETING EXPECTED

When the council received and decided to comply with the request of the Citizens' Gas association at the meeting last night, President Horwell announced that he would name the committeemen today. At noon he gave out the following list of men who will serve on the committee: From the council, H. E. Bullock and Hugh Johnson; Trades and Labor Council, Criss McConnell and P. J. McKeone; business men, J. J. Purinton and H. W. Smith.

The communication from the association requested that Mr. Horwell also act on the committee, and he has consented to do so. He has announced that the body will hold a meeting at the city hall next Monday evening at 7:30, and it is expected that all will attend.

It is the intention of the committee to hold a meeting before the gas corporation is interviewed in order that a plan of procedure can be formed. A conference with the representatives of the gas company will then be sought, and the proposition of the citizens and business men laid before it in the hope that the company will change its avowed determination to raise the gas rates.

WITH THE WORKMEN IN THE CLAY PLANTS

MIND AND MATTER.

Something of mind and something of matter are necessary to the success of an enterprise. Without the informing spirit, the material substance lies inert, crude, valueless. Unless clothed in material envelope, the idea fails of its effect and purpose. The resources of Nature for ages await their master; those who shall extract from them service for human needs and pleasure. They remain hostile until chained by some Franklin, or unknown until unveiled by some Leonardo, some prophet after truth, some zealot of the cult of beauty.

Thoughts such as these cannot fail to suggest themselves to one who gives more than a passing consideration to the ceramic art as practiced in the New World, says Irene Sargent in the Craftsman for August. One who examines the mineral resources of the broad regions of our own country must, during examination, feel something deeper than the consciousness of their economic or artistic value. He must, however, matter-of-fact and stolid his nature, be awed by the truth—and the truth must force itself upon him—that these, "his brothers, the clods," through the infinite time which cannot be conceived, through the age of the Red Man, have awaited the moment of their birth into activity. But once touched by the quickening spirit of initiative, they have entered as factors into the economic problem of the nation and the world; they have added to the existing sum of beauty; they team with the possibilities of yet greater values and attainments.

The materials for the exercise of the potter's art lie rich and varied among us, being deposited in many sections—Massachusetts, New York, New Jersey, Ohio and much farther to the westward—and thus offering opportunity for the expression of the art-ideas of these widely differing populations. Art-ideas have not been wanting, and distinctive accomplishments in ceramics have already marked points in both east and west, while numerous towns and villages, until now unimportant, are gaining reputation from their potteries.

NO. 44'S PICNIC.

The picnic and annual outing of local No. 44, Sebring, was held at Myers' Lake, near Canton, Monday and was a big success. Fully 400 were in attendance from Sebring and all the pottery plants were closed. Most of the picnickers made the trip on trolley cars. Varied amusements and sports were down on the program, which was as follows: Rowing race, first prize, hat worth \$3; second prize, pair of slippers. Ball game, Sebring second team vs. Canton second team. Swimming race, first prize, pair of shoes worth \$4; second prize, box of cigars. 100 yard dash, first prize, silk umbrella; second prize, 1 dozen pair of socks. Ball game, Sebring first team vs. Canton Monarchs. Bowling contest, prize for winners, one box of cigars.

TEN CAR TICKETS FOR 25 CENTS

Frank De Hass Robison Proposes to
Give Clevelanders Cheap
Fare.

Cleveland, August 12.—"Yes, it is true that I am going back into the street railway business, in which I spent 30 years of my life," said Frank De Hass Robison, "and I am going back into it right here in Cleveland, too."

"Some time ago I incorporated the Cleveland Traction company, with a nominal capital. I am now only waiting for the legal settlement of the fight between Mayor Tom and the 'Concon' in relation to the 3-cent franchises before getting back into the game."

"My proposition will be 3-cent straight cash fare, or 10 tickets for a quarter. With cars seating 75 people, as the open cars now in use will do, a car will earn \$30 a day, if not \$40."

"Moreover, I propose to have from 5,000 to 10,000 stockholders—a sort of miniature municipal ownership plan in itself. Any workingman who has \$100, \$200 or \$500, can become a stockholder, and I expect to have 10,000 of them in our company. They will get a big return for their money. I have documents in my possession that show the enormous dividends the Concon is actually investing."

"As soon as the Cleveland Traction company is ready to go ahead we will submit bids for routes on a number of unoccupied streets, and then as fast as the franchises now held by the Concon expire, we will go after them and underbid the old company for their renewal. I have devoted all my life to the street railroad business, and when I say that 3-cent fare and 10 tickets for 25 cents will yield a handsome profit on the capital required to equip and operate a road, I am speaking as an experienced railroad man."

"I am keeping out of the present controversy because of the municipal ownership question involved; a question I regard as political and one in which I am not a believer. But I am a believer in 3-cent fare, and 10 tickets for a quarter, and it is upon this basis that the Cleveland Traction company, of which I am the incorporator, will get into the field."

Robinson's friends say that when it

comes to a showdown he will be in a position to explain that the present lines, instead of earning a scant 4 per cent, as is claimed, are paying dividends of more than 40 per cent upon the actual investments, the remainder, it is alleged, being absolutely nothing but water.

THE WATERING TROUGH

Board of Public Service Will Improve
the One on the Lisbon
Road Hill.

The board of public service yesterday afternoon made arrangements for the improvement of the watering trough on the Lisbon road, near the Felix Hulse property, and the alteration, when completed, will be a very great convenience to the farmers and others who travel that thoroughfare.

It is proposed to change the location of the trough to the opposite side of the road. It will be set up in such a manner that it can be supplied with water from the spring near the spot where the trough now stands. It is a matter of doubt in the minds of the board members as to whether the spring is on public property. Should it prove to be private, the consent of the owners must be secured. If permission is refused the trough will be left where it now is, but will be improved and the planking across the street railway repaired.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Belleville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

Give you a good appetite, renew life cells in young and old. Permanently restore

a new person. No remedy in the world to equal them. Take a few NERVAN Tablets
and note the wonderful effect.

ALCOHOL IN ALL LIQUID KIDNEY AND RHEUMATIC REMEDIES CONDEMNED THEM.

An ignorantly compounded remedy, containing alcohol, as nearly all kidney
remedies do, will stimulate them so violently that an inflammation will be set up,
and instead of being merely lazy the kidneys will become diseased. Alcohol con-
gests the kidneys with blood and retards their activity.

There is no Alcohol in NERVAN Tablets to interfere with the removal of all harmful
sediment from the body. The Tablets soothe and heal the kidneys when they
are irritated and inflamed. They cure the kidney diseases that make you dizzy,
restless, sleepless and irritable; that make you pass water often during the day and
night; that cause rheumatism, catarrh of the bladder, pain in the back, joints and
muscles; that make your head ache and indigestion, stomach and liver trouble, and
a yellow complexion.

No matter how many other remedies you may have tried and found useless, re-
member the great modern remedy, NERVAN Tablets.

Elihu Root is to retire from the cabinet at the close of the present year. He is a strong man, but the president will doubtless experience no difficulty in finding one equally strong to replace him. America is never lacking in men able to fill the places to which they are called. That is the chief factor in our national strength and greatness. Mr. Root was a lawyer, without military training, yet he has made an efficient secretary of war. It is characteristic of Americans that they are guided by common sense, rather than by iron-clad rules. Mr. Root applied business principles to his administration of the war department, and succeeded admirably. His successor, who is likely to be Judge Taft, is sure to do likewise, and the president's cabinet will be as efficient as ever. The right man for an important place is never hard to find in this country.

will and interests of an overwhelming majority of the citizens of East Liverpool. It had a chance to redeem itself, but foolishly refused to make amends. This fact will be remembered when gentlemen of the present council seek re-election, as some of them are quite likely to do. The ousting of Chief of Police John Wyman, the ablest and most faithful official the city has had in the police department for years, was the aim and object of the villainous ordinance reducing the number of patrolmen. His removal has not yet been accomplished, and certainly will not be effected without a struggle. The mayor and the citizens who are supporting him in his determination to maintain efficiency in the police department deserve to succeed, and will succeed in spite of council, if right and the people's wishes triumph. For in this case council woefully misrepresents the best sentiment of the best people of the city.

Now that one railroad problem is settled, the city is ready for another. Just let a line that means business try to get through town and the way will be made easy. We ought to have a vigilant and diligent Business Men's Association to point out to the railroad promoters the advantages of East Liverpool and the business that could be done here by a competing line.

One county in Pennsylvania has elected its delegates to the coming Republican national convention and instructed them for Roosevelt. They are the advance guard of a little but powerful army that will do business next year.

One fool reporter in East Liverpool is trying his best to convince himself that he is the whole city administration. He is the only person who is unaware how ridiculous he and his claims are.

The two Populist parties are going to unite on the same man for president. There was a time when such an announcement would have been of interest, but that day is past forever.

The railroad problem is settled and settled to the satisfaction of the public. Now let the improvements be hastened and all will be forgiven.

Tom Johnson is bent on ruling or running the Ohio Democracy. It requires no prophet to predict his success in the latter respect.

No, little crisis; you didn't do it with your little hammer. It was accomplished in spite of your knocking.

SEC. ROOT TO RESIGN

The Resignation Will Take Effect About the First of January.

TAFT TO BE HIS SUCCESSOR

Friendship for the President and Interest in Pending Questions in War Department Have Caused Him to Remain Longer Than He Intended.

Washington, Aug. 12.—Before Secretary Root sails for London to sit with the Alaskan commission he will place his resignation in the hands of President Roosevelt in order that the president may appoint a secretary of war if it is deemed necessary during Mr. Root's absence. It is expected, however, that the resignation will not be acted upon until after congress meets. The appointment of Mr. Root's successor will depend somewhat upon the length of time that Secretary Root will be engaged upon the Alaskan boundary commission.

It has been known for some time that Secretary Root intended to retire, but he did not wish to leave the department until the general staff bill

ELIHU ROOT.

was in operation and other matters pertaining to the department were well under way. It is understood that the matter of his successor has been discussed, and while nothing official can be obtained it is believed that the position will be tendered to Governor Taft.

Oyster Bay, Aug. 12.—Elihu Root will resign as secretary of war, the resignation to take effect about the first of next January. He will be succeeded, unless present plans miscarry, by Judge William H. Taft, now governor of the Philippines.

For a long time Secretary Root has desired, for pressing private reasons, to retire from the cabinet. When Mr. Roosevelt became president Secretary Root indicated his wish to leave the cabinet within a year, but his friendship for the president and his interest in pending questions before the war department caused him to remain for a longer period than he had intended.

It can be said that the president expects that the country will have the benefit of Secretary Root's services yet for several months, certainly until the beginning of the next year.

That Governor Taft will be Mr. Root's successor as secretary of war there can be little or no doubt. He is familiar with many of the problems which the secretary of war will have to meet and solve; he is a warm personal friend of the president, who has an abiding confidence in his ability and patriotism, and it is understood that he would welcome the change involved.

FARMER'S HORSE

INSTANTLY KILLED

Runaway Outfit Collided With It, Driving the Shaft Into Its Body.

George Connell, who resides in this country a short distance north of this city, lost a valuable horse yesterday afternoon in an accident which occurred at the intersection of Third and Lisbon streets.

A horse belonging to Mr. Deimer, the Third street baker, and hitched to his delivery wagon, while standing in front of the bakery became frightened at the water issuing from a garden hose across the street. The horse ran down Third street with an speed and attempted to make a quick turn at the intersection of Third and Lisbon streets. The result was that it ran alongside of Connell's horse, which was being driven by his father-in-law, Daniel Tarr. The shaft of Deimer's wagon was plunged into the side of the Connell horse and went half way through the animal's body. A very few minutes later the horse dropped dead in the shafts, blood having issued from its body with every breath.

Neither the Deimer wagon nor Connell's buggy was damaged and Mr. Tarr was uninjured.

KNOWS MI-O-NA

WILL DO GOOD

Will Reed Has Such Faith in This Remarkable Flesh-Forming Food That He Sells It Under Guarantee.

It is an unusual thing for a druggist to sell a medicine under a guarantee to refund the money if it does not give satisfaction, yet this is the way Will Reed, whose word is as good as his bond, is selling Mi-o-na, the remarkable flesh-forming food and cure for dyspepsia.

Never before has he had so large a number of customers tell him that a medicine has cured, as since he began selling Mi-o-na.

There is no longer any need of anyone's suffering or making their friends suffer because of stomach trouble or distressing thinness.

Mi-o-na can be relied upon to regulate and strengthen the digestive organs and to build up good, solid, beautiful flesh. Will Reed takes all the risk by selling this preparation under a guarantee to return the money, if it does not give satisfaction. He will sign an agreement to this effect, and take your word as to whether Mi-o-na cures or not.

Headaches, all forms of indigestion, specks before the eyes, dizzy feeling ringing in the ears, all forms of liver troubles, emaciation, and general run-down conditions are cured by Mi-o-na. A few days' treatment shows a considerable gain in health, and a cure speedily follows.

Now is the best time in the whole year for the enjoyment of good health. Use Mi-o-na and you will soon be in such perfect condition that you can enjoy every minute.

has been elected cashier of the latter institution. He made an excellent record as a financier and business man while in Alliance and Wellsville, and his many friends in this vicinity will rejoice to hear of his advancement.

Of him the Zanesville Times-Record says:

"Mr. Sharer came to Zanesville fully equipped for the responsibilities of a position in a banking house of the magnitude of the First National, having for seven years past been associated as assistant and afterward as cashier of a bank at Wellsville, O., and since his arrival, some 10 weeks ago, has made many acquaintances among the business men and manufacturers while serving the First National as assistant cashier. Altogether the move may be highly commended, and taken as an indication of the upward tendency of the bank's business."

by the operation of the code on May 12."

"That is a muddle the council got into early in the dispute, and is entirely wrong. There can be no classification, according to the code, until after a police ordinance is passed by the council and an examination is held in accordance with its provisions by the board of public safety. The operation of the code simply made the present police force sure of their places as policemen."

"The men now on the force are not even bound to compete in the examinations. If they expect to be candidates for chief of police they must compete, but so long as they remain where they are and are not in violation of the rules of the board and the code they are fixtures. This condition, however, does not prevent others from competing for the position of chief of police or police officers, and as many as desire may present their names and enter the contest. No man who has not competed for and successfully passed the examination can be eligible to the position of chief of police."

Daring Thieves Rob Farmers And Butcher Live Stock in the Road.

A daring act was committed by some one unknown Monday night at the place of Mr. Hoy, on the Fairview road. Mr. Hoy had a two-months-old calf in a pen close to the house and some miscreant carried the calf a short distance and butchered it, leaving the entrails on the ground. Close to the spot where the calf had been killed was a number of heads of chickens and feathers.

Al Martin, who resides about a mile back of Chester, was in town today and reported that his poultry yard had been visited the same night and a number of chickens were found to be missing the next morning. NO SPECIAL SESSION

A Quorum of Council Not Present at the Meeting to Discuss Curbing Question.

The special session of council that was to have been held last night did not take place owing to a quorum not being present. The meeting was for the purpose of talking over the matter of curbing Second street continuously from the bridge to Virginia avenue, which move met with the strenuous objection of John Shrader.

The town hall was well filled by interested property owners and spectators, who were disappointed that the meeting was not held. The action that council had taken in closing the former county road was compromised by the street committee and the objecting property owners through the arrangement that the curbing be laid flat instead of upright. It can then be paved up to and will still leave access to the road. Interested ones are satisfied.

Colored Man Who Is Strangely Demented Put in Jail for Safe Keeping.

John Stovall, colored, aged about 28 years, was arrested on West Fourth street late yesterday afternoon and spent the night in the city jail. It is thought that he has become demented after a protracted drinking spree and he will be held until time develops his exact condition. Stovall appeared at the city hall early in the afternoon and addressed Sanitary Policeman Burgess in a way that branded him as either drunk or crazy. He did not tarry long and his actions aroused the suspicions of the officer. A short time later a telephone message called the officers to West Fourth street, where the negro was exhorting the people to turn from their present mode of living.

Stovall's hallucinations assume various forms and although his condition is pitiable some of his actions were amusing. When arraigned before the mayor this morning he was in a highly nervous state and seemed indignant over an imaginary accusation of stealing a long distance telephone. "That woman gave me the telephone," he told the mayor, "so that I could talk to her. I carried it around in my pocket, but I can't be guilty of stealing it when she gave it to me. She has been following me around and I want to get rid of her."

Stovall removed several handkerchiefs and other articles from his pocket and felt in them very carefully.

"If I have her now I don't know where to find her," he said. "She is one of these witch women." The man has also been troubled by cats and other animals.

Mayor Weaver promptly exonerated him from the theft of the telephone system and Stovall started to leave the building, but was stopped by Officer Dawson. He will be turned over to the township trustees if his dementia does not disappear.

Died from His Injuries.

Detroit, Aug. 12.—Frank Tilley, of Rising Sun, Ind., one of the employees of Wallace Brothers' circus, who was brought to Harper hospital here after the accident at Durand last Friday, when the two sections of the circus train collided in the Grand Trunk yards, died from his injuries. This is the twenty-fifth death caused by the wreck.

Serious Illness Caused by Poison. Canandaigua, N. Y., Aug. 12.—Poison received in either milk or meat has caused serious illness among 30 members of Prof. A. L. Arey's natural science camp on Canandaigua lake. The camp is made up of young men and women mostly from New York.

Foresters' Convention. Dubuque, Ia., Aug. 12.—The international biennial convention of the Catholic Order of Foresters opened here. Mayor Berg's address of welcome was responded to by High Chief Ranger Thomas H. Cannon, of Chicago. Over 200 delegates are present.

Situation Unchanged. Boston, Aug. 12.—The situation in the strike of machinists and helpers employed on the Boston and Albany railroad is unchanged. At a meeting held at noon every man responded to his name.

crossings in the East End district that should be opened before the ordinance passed, or the chances were they never would be opened.

W. Calhoun here secured Councilman Johnston's ear from the lobby, and that gentleman was treated to the old story concerning Washington and Federal streets in Jethro. It will be remembered the ground was gone over several months ago by a committee of council, and at that time the people of Jethro wanted Washington street opened, but were not ready at the time, and it developed later that whenever the necessity demanded the city could open the street, and it had been dropped.

Councilman Johnston had not been at the conference the previous evening, and was, therefore, not aware that these matters had all been discussed and disposed of at that time. He, therefore, took up Calhoun's kick and devoted some time to an explanation of what he knew concerning it. Calhoun attempted to "butt" in while the discussion was in progress, but was ignored by the chair, and Solicitor Davidson proceeded to explain the law on the question of opening streets and alleys across a railroad. The law was more explicit than was at first thought, and provides that when, in the opinion of the members of council, it is necessary for the public convenience and good to have a street crossing established, it can be done by the process of law in spite of any opposition on the part of the railroad company. The explanation was entirely satisfactory to Mr. Johnston, at least, and the ordinance went through with but one dissenting vote, that of Smith.

The Pennsylvania company is now in position to proceed with the double tracking of its system through the city without any hindrance from any source. The action of the council in passing the ordinance without the delay attending a formal three reading process is gratifying to a long-suffering public. For months the manufacturers and business men have hoped that the question could be brought to a speedy termination in order that the freight and passenger service on the C. & P. system could be improved. Realizing that this wish could only be realized through favorable action on the part of the city council on many requests made by the railroad company, the business interests of the city can but feel that the council adopted a wise course.

There was no disposition on the part of the railroad corporation to dodge any of the demands made by the city, and there was not a time since the negotiations began that they refused to meet the city's representatives half way in the settlement of the many perplexing propositions which have confronted the conferees.

The city of East Liverpool has been given everything that it asked which was reasonable and practicable. A number of clauses were found in the old original list of demands that were both superfluous and unreasonable. These were eliminated, of course, with the full knowledge and consent of the representatives of the city. On the other hand there were items of great importance to the public which the council and board of public service were determined to include, and to which the railroad corporation readily consented. There never was a time when the city's best interests were lost sight of, and there was no sign of weakness at any stage in the negotiations. The council is to be congratulated upon the wisdom and good judgment which characterized its attitude throughout the entire proceedings, and the public should feel grateful in consequence.

GOZZIE IS NOT A SUCCESS

Famous Second Baseman Did Not
Come Up to Expectations of Local
Fans, Who Think He Has Been
Overrated.

When Gibby fired McKee's bouncer to Houser and nailed Blount at bag No. 2 for the third out in yesterday's game, the face of Uncle Morg Winters wreathed itself in smiles and he stuffed his glove into a rear pocket and took a short cut for home. Morg was happy and hungry, for he had won another great victory, all the sweeter because it had been snatched from the very jaws of adversity. It was a great game with plenty of heart aches and joyful periods, and the locals won on clean, consecutive hitting and daring base running.

"Where's Gozzie?" was the cry of the fans as they watched the Ohio Works team take the field for preliminary practice. The uncrowned king of second sackers was the cynosure of all eyes, but he brought nothing but disappointment to those who were ready to do him homage. It was the general opinion that he has been greatly overrated, but at that he plays the game from start to finish, his weakest point being his stick work. For some time Gozzie has been handicapped with a sore arm and this was very apparent in the game yesterday, his error being a poor throw home to catch Webb, who was trying to score on Reark's single.

Uncle Morg didn't have any new fangled breakfast foods, but he fed them on slow benders and wide drops, and although he was touched up rather lively he had the best of the pitching argument, becoming more effective as the game advanced, while Armstrong weakened. After the fourth the visitors failed to get a run. The infield had plenty to do and had it not been for his poor throwing Gibby would have outclassed James, of the visitors. Several of Gibby's chances were very difficult and he handled them all nicely until it came to throwing to first.

Webb distinguished himself on the first putout of the game by making a fine running catch of Blount's fly and the next two hitters went out in order. In the local's half, Gibby scratched in a two-bagger, but was caught at second, Gozzie to James. Stillwell was safe on Armstrong's error and he stole second, scoring on another battery offense, this time by Crawford, who threw wild to second to catch Houser trying to steal after getting a start via the Big Four route.

Keller walked in the second, but he was caught napping, Winters to Wallace. James and Reark tripped in rapid succession, the latter scoring when Houser threw badly to Brown. The locals evened up in their half. After Webb had assaulted the atmosphere, Reark hit for a couple and scored on Winters' safety along the third base line. Gibson sent Morg on to third with a safety, but Stillwell died, James to Fisher.

Two more came for the visitors in the third. With one down Gibby made a mess of Blount's grounder and the runner moved on to third. He repeated the operation on McKee's grounder, allowing Blount to score. McKee going to second. Gozzie skied to Stillwell and McKee sprinted to third after the ball was caught. Keller scored him on a single.

The locals were retired in order in the next three innings and in the sixth two singles did not get them a run. Middle Fielder Flesch certainly had his batting eye and in the fourth sent one to the fence in left that got lost in the weeds, he making the circuit easily. That tally was the end of the book for the visitors.

Maybe a few of the loyal were hoping against hope when the locals came to the bat in the eighth, but they did not make much fuss about it. There was a great cheer, however, when Houser, after Wallace had been disposed of, cracked out a pretty single. There was more cheering when Brown helped him up to third with a single. He of the mighty whip immediately stole second. Webb made it three straight for the inning with a grasser and Houser and Brown scored. Then everybody yelled and roared. Reark followed with his second safety of the game and Webb tried for home. The famous Gozzie threw wild to Crawford and he muffed, Webb scoring and Reark taking third. Reark was pranc-

ing around third like a two-year-old, finally drawing a throw from Crawford and as he had hoped it was a wild one, permitting him to score with the winning run.

The visitors made a desperate try in the ninth, but could not reach. After Fisher had been retired Starr was sent to bat for Crawford, but he failed. Brown to Wallace, Armstrong and Blount singled, but the latter was forced at second, Gibson to Houser, on McKee's grounder.

Features of the Game.

Some more games with the Ohio Works team would take well with the fans.

Signor Gozzie hasn't anything on Ward, Kent's second sacker, judging from yesterday's exhibition.

Manager Reark was in the game yesterday with his little swatstick and both of his safeties were timely.

Umpire Tyson retired in the seventh and Tommy Davis took his place. That judge of play job is a thankless one.

Maag failed to respond to Manager Reark's summons and Gibson was switched back to short, Stillwell going to right.

The Youngstown players had very little kicking to do yesterday, and if anything had a shade the best of the umpiring.

Stillwell might have landed Resch's triple in the second had it not been for the ditch. It is a serious handicap to a right gardener.

There has not been a prettier batting rally on the local grounds this season than that of the eighth inning yesterday. It was the kind to bring delight to the hearts of the fans.

STRONG NILES TEAM
HERE FOR TWO GAMES

Locals Have Good Chance to Win
Both, Though Handicapped
to Some Extent.

Niles comes to town tomorrow for a couple of games with the locals at West End park and two more good contests can be counted upon. The locals have a good chance to win both or do as well as to split even, although handicapped to some extent with a patched up team. Wallace will be out of the game Friday and good players are hard to find in surrounding cities. Manager Reark has been trying to locate a good pitcher but so far has not succeeded. Elman, the lanky Canton Marine, was communicated with but he had previous engagements. Simms, of Rochester, could not come and several others failed him. Lawrence has not been heard from since he left for his home at Norwalk to visit his people, but he is expected to return to pitch one of the games.

Wallace has been switched from first to left for the opening game and Heckathorn will hold down the initial bag. The lineups are:

Y. M. C. A.—Emmerling, catcher; Lawrence, pitcher; Gibson, short; Heckathorn, first base; Houser, second base; Brown, third base; Wallace, left field; Reark, middle; Webb, right.

Niles—Ortleib, catcher; Kommer, pitcher; DeMoss, short; Murphy, first base; Kruger, second base; Nagle, third base; Glassburner, left field; Patterson, middle; Porter, right.

Mrs. Tupman, a prominent lady of Richmond, Va., a great sufferer with woman's troubles, tells how she was cured.

"For some years I suffered with backache, severe bearing-down pains, leucorrhea, and falling of the womb. I tried many remedies, but nothing gave any positive relief.

"I commenced taking Lydia E. Pinkham's Vegetable Compound in June, 1901. When I had taken the first half bottle, I felt a vast improvement, and have now taken ten bottles with the result that I feel like a new woman. When I commenced taking the Vegetable Compound I felt all worn out and was fast approaching complete nervous collapse. I weighed only 98 pounds. Now I weigh 109½ pounds and am improving every day. I gladly testify to the benefits received."

Ninety-nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St., Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers." Kodol digests what you eat and makes the stomach well. Sold by Alvin H. Bulger.

"The" Allen's Place Raided.

New York, Aug. 12.—The alleged poolroom conducted by "The" Allen in Sixth avenue was raided for the eighty-eighth time, according to the count kept by the police. Four hundred men, whites and negroes, were caught in the place, but only four were placed under arrest. The place was heavily fortified with iron bars at all the doors and windows, but a squad of detectives succeeded in catching the "lookouts" off their guard and dashed through the front door when it was left a trifle open.

THE TUNNEL HORROR

Paris Appalled at Frightful

VICTIMS STRANGLED TO DEATH

The Names and Occupations of the
Victims Gave Pathetic Evidence of
Their Humble Condition—King Edward Sends Sympathy.

Paris, Aug. 12.—Paris is appalled. That is the only word that can describe the feeling among the population caused by the terrible catastrophe that happened on Monday night. About 7:30 o'clock at night two trains traveling on the No. 2 line of the Metropolitan Underground railway, running from the Etoile to the Place de la Nation along the exterior boulevards, caught fire. They were each composed of eight cars crowded with passengers, but these managed to escape. Then a third train came along and dashed into the smoke. In endeavoring to escape more than four score were suffocated.

Eugene Oliver, one of the few survivors, describes the terrible panic which occurred in the darkness. The people, he says, rushed and fought with one another, madly seeking to get away. He was sick, but nerved to desperation by the situation, managed to get through the struggling mass. As he went he passed over the bodies of those who had fallen, but it was impossible to render them aid.

A survivor named Jules Boat describes the struggle during the panic in the tunnel as terrible. Women were screaming, "Save me! Save me!" An old man fell suffocated at his feet. The women screamed until they fell asphyxiated.

M. Gauthier, the magistrate for the district, says one of the main causes of the loss of life was that those escaping took the wrong exit, one passing letting out to the street, while the other was barred, as it was usually used for admitting passengers. Many of the victims sought the barred exit and were found massed against the wall where they had slowly suffocated.

M. Bienvenue, the chief engineer of the Metropolitan railroad, says from the technical point of view every precaution to avoid danger was taken.

At the American consulate it was learned that there were no Americans among the victims.

Premier Combes descended into the tunnel and made a personal lengthy inspection. Colonel Meaux St. Marc, on behalf of President Loubet, visited the morgue, and M. Hurteaux, procureur of the republic, and Judge Joliot, of the Seine tribunal, have opened a judicial investigation into the affair.

The names and occupations of the victims gave pathetic evidence of their humble condition. The names are characteristic of the French working classes and occupations are given as painter, mason, plumber, tailor, seamstress, locksmith, etc. Outside the workmen, about every third name is that of a woman. Pitiful scenes were enacted at the morgue throughout the day as the relatives gathered seeking to identify the bodies, which were ranged in long lines on white marble slabs. The clothing of many of the victims is torn, showing the fierceness of the struggle.

London, Aug. 12.—King Edward, through the British embassy at Paris, has sent a message of sympathy to the French government on account of the Metropolitan railway disaster. The catastrophe has produced the deepest impression here and intense anxiety concerning the safety of the London underground roads.

"NO CLOTHING FITS LIKE OURS"

THE MAYOR POINTS OUT THAT COUNCIL IS WRONG

Assumption That the City Has a Classified Police Force Will Not Hold Good.

ANY CITIZEN MAY COMPETE FOR CHIEF

The police ordinance passed council last night on its third reading, over the mayor's veto, without discussion. Only the vote of Mr. Smith was recorded in the negative.

"The action of the city council in passing the police ordinance was not a surprise," said Mayor W. A. Weaver when interviewed by a reporter today. "I am satisfied that the council was decided upon at the very first caucus held by the council after its organization. There was not a time that I doubted the intention, and I do not believe any influence, however strong, could have been brought to bear that would have changed the result."

"Would you mind telling me what you propose to do now that the ordinance has passed and the council has determined to defeat your aims, if possible?" asked the reporter.

"I will do nothing until the board of public safety has completed its list of rules, and they are adopted. Until they have compiled the rules and lists of questions to be used in the examination, there will be no classified list; of that I am certain, and there will be nothing for me to do. The board, I understand, has nearly completed this

duty, and may be ready to pass upon the matter at its meeting this week. As soon as the list is completed the board will advertise the examination, at the conclusion of which, and not until then, there will be a classified list of officers in East Liverpool."

"Will the list of appointments already made by you still continue to hold good after the classification takes place?"

"The appointment of the chief of police was temporary. It could not be otherwise. There was no classified list at the time it was necessary to fill the vacancy, and there can be no permanent appointment other than from the classified list. The safety board will probably be given 30 days in which to finish up the examination. At the end of that time the permanent appointment can be made. The competition is open to every citizen of the state of Ohio who has been a resident of the city for one year, and there will be an abundance of material from which to select a chief of police."

"What is your idea with regard to the assertion that the present members of the police force are already on the classified list, having become so

MUSICIANS' SUITS AGAINST OFFICERS

Case of Eighth Regiment Band Appealed to Ohio Supreme Court.

RIGHTS OF HEALTH BOARDS

From a Staff Correspondent.

Columbus, August 12.—The case of the Eighth regiment band of Akron against the officers of that command for extra pay amounting to \$1,479.29 for services rendered during the Spanish-American war is now in the supreme court. The suit was brought against Colonel Curtis V. Hard, of Wooster; Lieutenant Colonel Charles Dick, now commander of the Ohio National Guard, and other officers of the regiment by the band members soon after the close of the war, judgment being given them for the sum stated by the courts of Summit county. Representing the officers, General Dick has filed an appeal from the lower courts with the highest court. When the regiment was at Camp Bushnell, Columbus, in the spring of 1898, an agreement was entered into, it is claimed, whereby the band was to receive extra money, to be paid by the regiment, in addition to the regular allowance of the government. Service was secured by Colonel Hard and other officers while they were in Akron attending the first reunion of the regiment. Columbiana county boys who served in the command will remember it was understood each soldier was to bear a portion of the extra pay for the band, but for some reason unknown no attempt was made to carry out this financial part of the contract.

Dr. C. O. Probst, secretary of the state board of health, reports that smallpox has been almost entirely stamped out in Ohio. In Cleveland, where the malady raged for months, there are no cases. The worst situation now is at Massillon, where there are 18 cases. There were more than 200 cases in Columbus last winter, but the city has been free from the disease for several months. Milo, a suburb of this city, has nine cases. Columbiana has several cases which are believed to be under control. The state board is at work on a campaign for the complete eradication of the disease from the state. Smallpox has been present continually for several years and was brought in the state by circus employees.

Attorney General Sheets has brought suit in quo warranto to test the question as to the right of boards of health to discharge health officers and employ found in office when the new code became operative. The case is brought against Dr. J. Harvey Craig, who was appointed health officer at Mansfield in 1902 for two years and who refused to vacate the office last spring when the board elected another person for the place. Craig refused to surrender, claiming the code made him a civil service appointee. Attorney General Sheets is preparing to bring suit against over 100 delinquent corporations under the Willis law. The penalties were remitted to the delinquents which paid up in the extension of time allowed and the prosecutions about to be begun are against those concerns which ignored this special concession made for their benefit. If the law is enforced penalties aggregating over \$1,000,000 will be collected.

Special examiners reported their investigation of the municipal affairs of Canton to the auditor of state. Lack of system was found and there were overdrafts of special funds amounting to nearly \$40,000. The general fund was drawn upon freely for other purposes.

A committee of the state board of agriculture will leave Saturday for Oyster Bay to invite President Roosevelt to attend the Ohio state fair.

WORK OF SURVEYORS TO BE RESUMED

Youngstown & Southern Line Expected to Reach Lisbon By November.

It is confidently asserted that the line will be completed to Lisbon by the last of November.

Going to Tour the East.

The company are industriously rehearsing and will be occupied until the very day of their departure.

A GRAND FREE OUTING FOR SCHOOL CHILDREN

All the Young Folks of This City, Wellsville and Chester, Between the Ages of 5 and 15, Invited to Be the News Review's Guests September 15.

The event of the season for the young folks of East Liverpool and vicinity will be the News Review's first annual outing and picnic. Details are being arranged for it. The date will be Tuesday, September 15, and the place Rock Springs Park. A program of surpassing excellence will be announced later. Suffice it to say, there will be plenty of music, sports and other entertaining features that will be attractive and enjoyable both for old and young.

The News Review wants every child in East Liverpool, Wellsville and Chester, who is old enough to take part in the gala occasion, to be present, and

extends a special invitation for them to do so. It is probable that all the schools in the three towns will close on the day named, that their pupils may enjoy the outing. The News Review has engaged the park for the day and evening and will pay for the transportation of all children between the ages of 5 and 15 years who are to be its guests. It makes no difference whether their parents are subscribers for the paper or not; the children will all be welcome, and it is confidently expected that they will be there by thousands. Older folks are invited also, but they must pay their own fares.

Aside from what the park offers regularly in the way of attractions, special features that will be novel, entertaining and excellent will be provided. Full announcement of the program for the day will be made later. All of East Liverpool, even to the remotest limit; all of Wellsville and Chester are included in the News Review's offer of a free ride for all children of 15 years or younger to the park and return, and a day of enjoyment that will equal, if it does not eclipse, any previous outing ever given to the youngsters.

Children, watch the columns of this paper for details and instructions, and be on hand when the cars start for the park on the morning of September 15.

TOOK A SLEEP ON THE CAR TRACK

Officer Dawson Disturbed Albert Willis' Slumbers And Took Him to Jail.

Becoming sleepy after a night of drinking Albert Willis, employed by the C. & P. contractors, sought repose on the street car track near Thompson's pottery this morning. His head and arms were dangerously near the rails, and although one car passed by him safely he would have sustained injuries had he raised his head or extended his arms.

Officer Dawson disturbed his slumbers and sent him to the city jail. After a few hours sleep Willis, in trying to descend from the upper bunk in his cell, made a misstep and gave his ankle a severe twist. He drew the usual \$1 and costs for a plain drunk.

HIDDEN REVOLVER FOUND BY A BOY

He Handled It Carelessly and Got An Ugly Wound in His Hand.

A VERY LUCKY ESCAPE

Mr. and Mrs. C. Nick Muessig are very thankful that an accident which their 10-year-old son, Arthur, met with, is not more serious. The Muessig family have just finished moving from the city to the new dwelling which Mr. Muessig had built above Rock Springs park.

The most of the household goods were still packed in boxes and tied up, when the boy asked his mother for a clean waist. Mrs. Muessig sent him to the attic, where she told him in one of the baskets he would find the garment.

The boy got to looking through the wrong basket, and found a loaded 32-calibre revolver. He picked up the weapon and while carelessly handling it, one of the cartridges was exploded, the bullet going partly through the fleshy part of the left hand next to the index finger, and coming out on the other side. Mrs. Muessig heard the report of the revolver and hastened to the attic, where she found the boy, the blood spurting from the wound.

Dr. G. E. Lewis was called and dressed the injured hand, which was thoroughly blackened by the closeness of the explosion. The finger was badly numbed and for a time the physician thought that amputation would be necessary, but this morning the numbness had left and there is no danger feared unless blood poisoning should set in.

HIS MOTOR CAR BECAME UNMANAGEABLE

Driver's Presence of Mind Quickly Averted a Serious Accident.

An unmanageable motor car, driven by W. K. Cummings, of Wellsville, and containing himself and wife and a small child, came near causing a serious accident yesterday afternoon on Pennsylvania avenue, near the home of Prosecuting Attorney Jason H. Brookes.

Mr. Cummings had started to turn the machine in the road when it became unmanageable for the moment and approached to within a few inches of the edge of the steep bank. As the machine failed to respond to the steering apparatus, Mr. Cummings jumped out and veered its course by catching one of the front wheels.

Lisbon Business Men's Association Will Resist Columbiana County Company's Plans.

Lisbon, August 12.—(Special).—At a meeting of the Lisbon Business Men's association last evening action was taken regarding the proposed increase of rates by the Columbiana County Telephone company, as follows:

"Whereas, representatives of the Columbiana County Telephone company appeared before us, asking for our approval of a new schedule of rates;

"Resolved, that we, the Business Men's association of Lisbon and individual users of 'phones, decline to approve that higher rate, and that we will not accept any contract unless the same is in accordance with the rates as limited in the ordinance and franchise of the village council, or until the legality of the same is settled."

The association having decided to forego its annual picnic, the Lisbon Grocers' association has taken up the matter and appointed a committee to see what arrangements can be made and to report. The committee consists of William Hill, Frank Riddle and Calvin Helman.

ORDINANCE PASSED WITH FEW CHANGES

Railroad Company Authorized to Proceed With Double-Tracking Work in the City.

THE BUSINESS MEN ARE MUCH GRATIFIED

With but few minor alterations the list of requests made by the Pennsylvania company many months ago, together with the demands from the city in consideration thereof, went through the city council last night in the shape of an ordinance. The ordinance was drafted several days ago, and as was detailed in yesterday's News Review, had been revised and amended by the board of public service, representatives of the railroad company and members of council on Monday evening. So when the measure came before the council in regular session assembled, there was but one hitch in the proceedings, that being a clause which had been overlooked in revising the law.

The ordinance was entitled "An ordinance granting certain privileges to the Pennsylvania Railroad company and demanding certain concessions for the city of East Liverpool." When Auditor Davidson had finished reading the ordinance Mr. Cannon remembered that the clause with reference to the location of a freight station on the hill had been overlooked on rewriting the bill preparatory to its presentation to council. Mr. Cannon stated it had been agreed upon at the conference on

the night previous that whenever the manufacturing and business interests of the city should deem it a necessity a freight station should be erected by the company in the upper or hill yards. The clerk was instructed to insert the clause.

Mr. Smith, who had been strong in his demands for more recognition for the East End, and who had fought hard at the conference for several concessions from the company, was even more determined than ever to bring about the desired changes. He asked why it was that the East End had been so totally ignored in the transaction, and could not see the wisdom of pushing the ordinance through on suspension of the rules, as had been proposed by Mr. Bullock. He failed to find anything in the ordinance as it now stands providing for the establishment and maintenance of a crossing at Elizabeth street. In the opinion of the people of the East End, the crossing was an absolute necessity, and they wanted it. There was no reason why the city should be required to give away the 20-foot alley near the proposed new station site without anything in return. There were also many

The complainant alleges the boy was drunk and chased her about the house with a butcher knife. She at first wanted him put under a peace bond, but changed her mind and will have him locked up.

The communication from the association requested that Mr. Horwell also act on the committee, and he has consented to do so. He has announced that the body will hold a meeting at the city hall next Monday evening at 7:30, and it is expected that all will attend.

It is the intention of the committee to hold a meeting before the gas corporation is interviewed in order that a plan of procedure can be formed. A conference with the representatives of the gas company will then be sought, and the proposition of the citizens and business men laid before it in the hope that the company will change its avowed determination to raise the gas rates.

WITH THE WORKMEN IN THE CLAY PLANTS

MIND AND MATTER.

Something of mind and something of matter are necessary to the success of an enterprise. Without the informing spirit, the material substance lies inert, crude, valueless. Unless clothed in material envelope, the idea fails of its effect and purpose. The resources of Nature for ages await their master; those who shall extract from them service for human needs and pleasure. They remain hostile until chained by some Franklin, or unknown until unveiled by some Leonardo, some prober after truth, some zealot of the cult of beauty.

Thoughts such as these cannot fail to suggest themselves to one who gives more than a passing consideration to the ceramic art as practiced in the New World, says Irene Sargent in the Craftsman for August. One who examines the mineral resources of the broad regions of our own country must, during examination, feel something deeper than the consciousness of their economic or artistic value. He must, however, matter-of-fact and stolid his nature, be awed by the truth—and the truth must force itself upon him—that these, "his brothers, the clods," through the infinite time which cannot be conceived, through the age of the Red Man, have awaited the moment of their birth into activity. But once touched by the quickening spirit of initiative, they have entered as factors into the economic problem of the nation and the world; they have added to the existing sum of beauty; they team with the possibilities of yet greater values and attainments.

The materials for the exercise of the potter's art lie rich and varied among us, being deposited in many sections—Massachusetts, New York, New Jersey, Ohio and much farther to the westward—and thus offering opportunity for the expression of the art-ideas of these widely differing populations. Art-ideas have not been wanting, and distinctive accomplishments in ceramics have already marked points in both east and west, while numerous towns and villages, until now unimportant, are gaining reputation from their potteries.

TEN CAR TICKETS FOR 25 CENTS

Frank De Hass Robison Proposes to
Give Clevelanders Cheap
Fare.

Cleveland, August 12.—"Yes, it is true that I am going back into the street railway business, in which I spent 30 years of my life," said Frank De Hass Robison, "and I am going back into it right here in Cleveland, too."

"Some time ago I incorporated the Cleveland Traction company, with a nominal capital. I am now only waiting for the legal settlement of the fight between Mayor Tom and the 'Concon' in relation to the 3-cent franchises before getting back into the game."

"My proposition will be 3-cent straight cash fare, or 10 tickets for a quarter. With cars seating 75 people, as the open cars now in use will do, a car will earn \$30 a day, if not \$40."

"Moreover, I propose to have from 5,000 to 10,000 stockholders—a sort of miniature municipal ownership plan in itself. Any workman who has \$100, \$200 or \$500, can become a stockholder, and I expect to have 10,000 of them in our company. They will get a big return for their money. I have documents in my possession that show the enormous dividends the Concon is earning on the amount of money actually invested."

"As soon as the Cleveland Traction company is ready to go ahead we will submit bids for routes on a number of unoccupied streets, and then as fast as the franchises now held by the Concon expire, we will go after them and underbid the old company for their renewal. I have devoted all my life to the street railroad business, and when I say that 3-cent fare and 10 tickets for 25 cents will yield a handsome profit on the capital required to equip and operate a road, I am speaking as an experienced railroad man."

"I am keeping out of the present controversy because of the municipal ownership question involved; a question I regard as political and one in which I am not a believer. But I am a believer in 3-cent fare, and 10 tickets for a quarter, and it is upon this basis that the Cleveland Traction company, of which I am the incorporator, will get into the field."

Robison's friends say that when it

comes to a showdown he will be in a position to explain that the present lines, instead of earning a scant 4 per cent, as is claimed, are paying dividends of more than 40 per cent upon the actual investments, the remainder, it is alleged, being absolutely nothing but water.

THE WATERING TROUGH

Board of Public Service Will Improve
the One on the Lisbon
Road Hill.

The board of public service yesterday afternoon made arrangements for the improvement of the watering trough on the Lisbon road, near the Felix Hulse property, and the alteration, when completed, will be a very great convenience to the farmers and others who travel that thoroughfare.

It is proposed to change the location of the trough to the opposite side of the road. It will be set up in such a manner that it can be supplied with water from the spring near the spot where the trough now stands. It is a matter of doubt in the minds of the board members as to whether the spring is on public property. Should it prove to be private, the consent of the owners must be secured. If permission is refused the trough will be left where it now is, but will be improved and the planking across the street railway repaired.

Go Prepared.

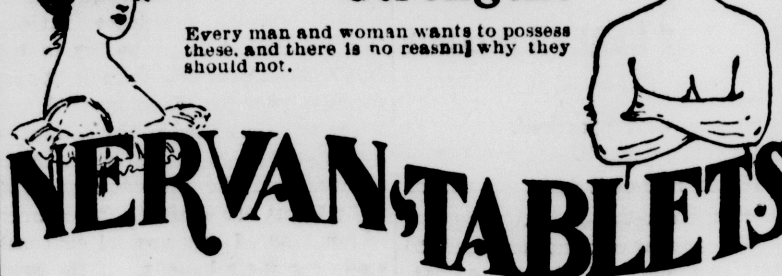

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Belleville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

Dyspepsia, Clear the Complexion and Aid Digestion.

Give you a good appetite, renew life cells in young and old. Permanently restore youthful vigor and vitality. They tone up the whole system and make you feel like a new person. No remedy in the world to equal them. Take a few Nerve Tablets and note the wonderful effect.

ALCOHOL IN ALL LIQUID KIDNEY AND RHEUMATIC REMEDIES CONDEMNED THEM.

An ignorantly compounded remedy, containing alcohol, as nearly all kidney remedies do, will stimulate the kidneys so violently that an inflammation will be set up and instead of being merely lazy the kidneys will become diseased. Alcohol clogs the kidneys with blood and retards their activity.

There is no Alcohol in Nerve Tablets to interfere with the removal of all harmful sediment from the body. The Tablets soothe and heal the kidneys when they are irritated and inflamed. They cure the kidney diseases that make you dizzy, restless, sleepless and irritable; that make you pass water often during the day and night; that cause rheumatism, catarrh of the bladder, pain in the back, joints and muscles; that make your head ache and indigestion, stomach and liver trouble, and a yellow complexion.

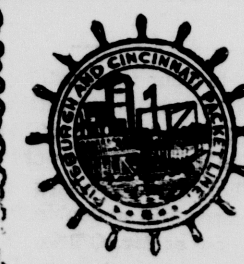

No matter how many other remedies you may have tried and found useless, remember the great modern remedy, Nerve Tablets.

BUSINESS DONE WITH DISPATCH

Council Acted Upon a Number of
Important Ordi-
nances.

THE EAST END CAR LINE

Is Taken Up And the East Liverpool
Railway Company Notified to Ex-
tend Its Thompson Park Line in
Accordance With the Franchise.

Numerous ordinances were passed
by the council last night, and the en-
tire session was characterized by
prompt and business-like methods.
An ordinance providing for the clean-
ing of streets and alleys was up for
third reading and was passed without
comment. Like action was taken in
the matter of the law prohibiting the
accumulation of articles on the streets.
A measure declaring it unlawful to
tack bills, cards and other advertising
matter on poles and in public places,
was passed on its final reading, and
another measure outlining the method
and process of excavating on streets
and alleys in the city was given its
final reading and passed.

The street committee reported that
it had viewed the condition of Brad-
shaw avenue, and was of the opinion
that the sewer asked for by the resi-
dents there should be built at the cost
of the city. It was found, however,
that there was no money in the fund,
and the law was very explicit on the
subject. It was necessary, in order to
make the transaction legal, for the
auditor to certify that the money had
been appropriated before the contract
could be proceeded with. It was finally
decided that the council would
pledge itself to pay the amount, which
was thought to be about \$300, just as
soon as it was able if the property
owners along that thoroughfare would
advance the money. A motion to that
effect was passed.

Mr. Moon reported that the fire com-
mittee had decided to recommend the
re-papering of every room in the city
building. It also decided to change
the quarters of the mayor and auditor.
It would be more convenient for the
mayor to occupy the present auditor's
office, and with a few alterations it
was proposed to move the auditor to
the north front room of the city build-
ing. No definite action was taken.

Mr. Bullock stated a committee had
investigated the damage claim of O.
E. Bowers for \$53 alleged to have
been sustained by reason of the bad
condition of Virginia avenue. The
claim was a just one in the opinion of
the committee, and it would recom-
mend a settlement. The matter will
be referred to the solicitor.

The report of the fire department
showed that 6 fire calls had been an-
swered, 27 patrol calls, and 5 am-
bulance. The mayor made a report for
the month showing that \$277 had been
collected from all sources.

The auditor had prepared and sub-
mitted an appropriation ordinance in-
dicating that \$11,275 were needed for
the several funds.
A communication was received from
the citizens' gas association asking
that the president of council appoint
two members of council, two representa-
tives of organized labor and two busi-
ness men to act with himself in an at-
tempt to persuade the gas corporation to
reconsider its determination to
raise the rate. The communication
was received and President Horwell
has announced that he will comply
with the request within a few days.
It was explained that the object in
conferring with the gas corporation
was to give it a chance to make the
rate satisfactory to the consumers
before taking any radical steps to-
ward the enforcement of the ordinance
passed by council some time ago. The
company will be given an opportunity
to voluntarily change its plans, and
if it refuses, other plans will be for-
mulated.

An invitation was received from the
committee of arrangements for the
Labor Day celebration, asking that
the council and all city officials partici-
pate in the parade to be held on
the morning of September 7. The in-
vitation was accepted, and the council
will turn out.

The question of the indebtedness
of Homer Morris was again brought to
the attention of the council. The mat-
ter has been given an airing by every
council for several years, and involves
an agreement entered into by Morris
to pay so much from his wages each
month toward liquidating a debt owed
Captain Harry Palmer. President
Horwell was of the opinion that the
council could not interfere since it
was a private contract between the
parties, in which Morris had given
a personal note. Messrs. Johnston
Moon and Barlow with the solicitor
will make another investigation, and
report at the next meeting.
The Sanitary Reduction company

had been unable to ascertain who was
liable for the payment of their bill
for disposing of garbage, and had not
been paid for three months. The bill
for \$300 was presented to council and
ordered paid.

Mr. Johnston referred to the fran-
chise of the East Liverpool railway,
stating that the latest franchise grant-
ed to that corporation provided for
the extension of its lines from Thomp-
son's park to the East End. No work
had been done to the present, and as
the franchise called for the completion
of the extension by November 1, he
asked that the service board notifi-
fy the company it would be expected
to comply with the provisions of the
franchise in the matter of not only
the extension but the providing of
better rolling stock, or the franchise
will be revoked. He made a motion
to this effect, and it was adopted.

BISHOP VISITS THE PRESIDENT

Charles P. McClelland Tendered a
Membership on the Board of
Appraisers.

Oyster Bay, Aug. 12.—Mr. Knox re-
mained with the president less than
an hour. He returned to New York on
the 2:10 train. Before leaving he said
that the president had desired to dis-
cuss briefly with him two or three
matters concerning pending appoint-
ments under the department of justice.
Bishop O'Gorman, of Sioux Falls,
S. D., called upon the president to pay
his respects. He has known the presi-
dent a long time and, being in the
east, embraced the opportunity to call
upon him. It is understood that this
visit was not in any way significant.

As foretold in these dispatches,
the president tendered to Charles P.
McClelland, of West Chester county,
N. Y., a membership on the board of
general appraisers. Mr. McClelland
is a Democrat and a member of the
New York state senate from the
Twenty-second district. The appoint-
ment is to take effect on Oct. 1. If he
accepts the proffer Mr. McClelland
will succeed on the board Colonel J.
A. Jewell, resigned. The office car-
ries with it a salary of \$7,000 a year.

EAST END

THE BEN-HUR SOCIAL

Was a Success in Every Way—Plenty
of Music And Other En-
tertainment.

There was music and plenty of it in
the East End last night in connection
with the social and entertainment that
was given by Pan-American court.
Tribe of Ben Hur, at P. H. C. hall. Every
ticket to the entertainment was
disposed of and many were present
who attended without tickets. The
Wellsville Ben Hur orchestra furnish-
ed the music on the inside and the
bands of the local lodge and Ormes
brothers played outside the hall.

Everything in sight in the way of
eatables was consumed and the com-
mittee, who had the work of making
the preparations for the event, feel
highly gratified over the success of the
affair from a social, as well as a finan-
cial standpoint.

Improving the Streets.

Foreman Lew Howard and a force
of men are making an appreciable im-
provement to the streets. The weeds
that had grown up very high on some
of the streets have been removed and
the accumulated debris taken away.
They will finish up the work on First
avenue today.

Two Strangers Arrive.

The population of the East End has
been increased by the arrival of two
young strangers, a young lady at the
home of Mr. and Mrs. Rudolph San-
ders, of St. George street, and a bright
baby boy at the home of Mr. and Mrs.
Charles Demmerling, of Pennsylvania
avenue.

Settled Out of Court.

The case brought by Mrs. Moorhead
against Lot Haney for illegal detention
of property in the court of Justice L.
W. Carman was settled out of court
in the absence of the justice. Haney
agreed to pay all costs of the action
and will remain on the property.

she will go to visit relatives in Guern-
sey county.

A party of young folks from Wash-
ington county, Pa., visited Mr. and
Mrs. J. L. Fulton today. They were
at attending the picnic from Burgettstown
at Rock Springs park.

Alex Brownlee, who was badly in-
jured, is getting along as well as can
be expected. The soreness in his body
is leaving him and he expects to be
out of the house in a few days.

Potent Pill Pleasure.

The pills that are potent in their ac-
tion and pleasant in effect are DeWitt's
Little Early Risers. W. S. Philpot, of
Albany, Ga., says: "During a bilious
attack I took one. Small as it was it
did me more good than calomel, blue
mass or any other pills I ever took and
at the same time it effected me pleas-
antly. Little Early Risers are certainly
an ideal pill." Sold by Alvin H. Baizer.

The Macedonian Situation.

Rome, Aug. 12.—The minister of
marine has directed that a squadron
be kept in readiness to sail for the
east should the complications in Macedo-
nia make it necessary to protect
Italian subjects there.

Earthquake at Canda.

London, Aug. 12.—A dispatch from
Canda, island of Crete, says that an
earthquake occurred there at 6 o'clock
and that its duration was 32 seconds,
but that there were no casualties.

SERIOUS RESULT OF EXPLOSION

Four Persons Injured by the Explosion
of an Oil Can—Caused by
Bonfire.

Pittsburg, Aug. 12.—Four persons
were seriously burned by the explo-
sion of an oil can in a rear yard in
Langtry street, Allegheny. The in-
jured are: Louisa Francesco, aged
6 years, burned about the body and
hair singed; Mrs. Mary Francesco,
burned about the hands and arms
while trying to extinguish the flames
on her daughter's clothing; Jennie
Francesco, aged 11, burned about the
arms and shoulders; Annie Francesco,
aged 9, burned about back and legs.

The Francesco family live at No. 4
Langtry street. The father allowed
the three girls to go to a vacant lot
to burn a lot of newspapers. The pa-
pers were moist and did not burn well.
Louisa went to the house for some
coal oil. She returned in a few mo-
ments and poured the contents of the
can on the burning papers. In a mo-
ment the flames leaped up and reach-
ing the can ignited the fluid and
caused it to explode. Louisa was en-
veloped in flames and her two sisters,
who were standing nearby, were also
badly burned. Louisa ran to the house
with her clothes ablaze. Her mother
was attracted by the screams and beat
the flames out with her hands.

Excessive Cruelty Charged.

Milledgeville, Ga., Aug. 12.—In the
investigation here by the prison com-
mission of the charges of excessive
cruelty against Warden Allagood, of
the state prison farm, Miss Mamie
Deeris declared that it was not be-
cause she had been impertinent to the
wife of the warden that she was
whipped last June, but because the
warden had made improper proposals
to her, which she had indignantly re-
fused. The other side of the case has
not been reached yet, but Captain Al-
ligood declared the charge made by
the woman to be absolutely false.
"She had become unmanageable and
insolent to my wife," he said, "and
her example was destructive of dis-
cipline. I whipped her only after the
prison physician pronounced her con-
dition good. The punishment was
mild; she was not hurt."

Hurled Over Precipice.

Pittsburg, Aug. 12.—Hurled over a
precipice and tumbling and rolling 40
feet, Mrs. Frances Copeland, her
daughter Mary and her son William,
of near Bruce station, had a most nar-
row escape from a tragic death. The
scoring of a fractious horse caused
a team to run away and overturn a
wagon at the brink of a chasm, down
which three of the occupants were
thrown. The injured are: Mrs. Fran-
ces Copeland, aged 57, badly bruised;
Mary Copeland, aged 28, arm broken
and badly bruised; William Copeland,
aged 7, severely bruised.

Ready to Stand Trial.

Washington, Aug. 12.—The persis-
tent rumors that August W. Machen,
under indictment for various alleged
offenses in connection with postal con-
tracts, had left or contemplated leav-
ing the jurisdiction of the United
States in order to avoid trial, were
denied by Mr. Conrad H. Syme, asso-
ciate counsel for Machen. Mr. Syme
said that Mr. Machen has left Wash-
ington temporarily, for the purpose of
attending to purely personal business,
and will come to Washington and will
be ready to stand trial whenever the
time is set.

To Answer for Contempt of Court.

Bloomington, Ill., Aug. 12.—Dr. T.
H. Smith, of this city, has been cited
to answer on charges of contempt of
court. It is alleged that while Dr.
Smith, under order of the court, had
custody of the child of his son, Syd-
ney Smith, a newspaper artist of Pitts-
burg, the child's father, abducted the
little one. Dr. Smith is given one
week by the court to regain posses-
sion of the child. The child's father
will be prosecuted for abduction.

Hunt Abandoned.

Sacramento, Cal., Aug. 12.—Sheriff
Reese has practically abandoned the
hunt for the escaped convicts known
to have been in this city last Friday,
including Ray Fahey, a notorious high-
wayman. Sheriff Reese feels it is use-
less to further pursue an organized
chase for the escaped men. The five
convicts fleeing through the coral
flat country are believed to have es-
caped to the devil's basin region, a
rocky and heavily timbered section,
affording good shelter and protection.

Express Company Robbed.

Pittsburg, Aug. 12.—In one of the
busiest parts of the city a package
containing \$1,180 in bank notes was
taken from an express wagon belong-
ing to the United States Express com-
pany that was standing in the Balti-
more and Ohio railroad yards. One
man has been arrested on suspicion
of having committed the theft, but as
yet the detectives working on the case
have found no direct evidence against
him, nor has any clue to the where-
abouts of the money been discovered.

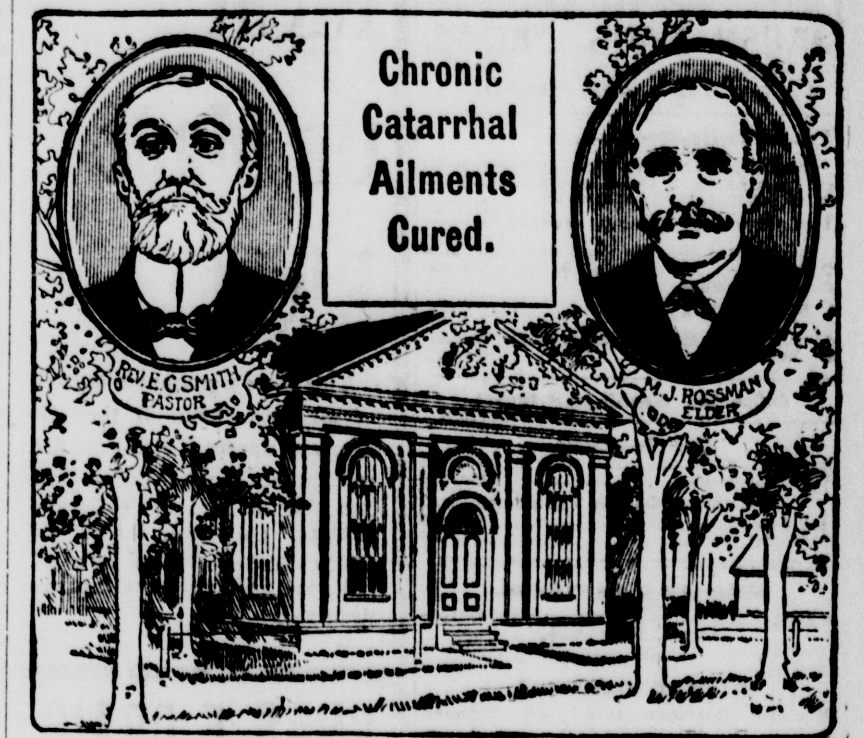

Cashier Missing.

Circleville, O., Aug. 12.—John K.
Brown, cashier of the Union bank at
New Holland, O., is missing and, it is
said, is short nearly \$75,000. The
bank was unable to open, as Brown
has the combination. An expert from
Canton, O., opened the safe in the
presence of the directors and only
\$458 in coin was found.

A Destructive Tornado.

Blackwell, Okla., Aug. 12.—A tor-
nado struck the town of Salt Fork, 20
miles southwest of here, and com-
pletely demolished the town, though
no one was killed. One person, a sec-
tion boss on the "Frisco" road, was
seriously injured.

PRESBYTERIAN PASTOR PRAISES PE-RU-NA.

First Presbyterian Church of Greensboro, Ga., and Its Pastor and Elder.

THE day was when men of promi-
nence hesitated to give their testi-
monials to proprietary medicines for
publication. This remains true today
of most proprietary medicines. But
Peruna has become so justly famous, its
merits are known to so many people of
high and low stations, that no one hesi-
tates to see his name in print recom-
mending Peruna.

The highest men in our nation have
given Peruna a strong endorsement.
Men representing all classes and sta-
tions are equally representative.

A dignified representative of the Pres-
byterian church in the person of Rev.
E. G. Smith does not hesitate to state
publicly that he has used Peruna in his
family and found it cured when other
remedies failed. In this statement the
Rev. Smith is supported by an elder in
his church.

Rev. E. G. Smith, pastor of the Presby-
terian church of Greensboro, Ga., writes:

"Having used Peruna in my family
for some time it gives me pleasure to
testify to its true worth.

"My little boy seven years of age had
been suffering for some time with cat-
arrh of the lower bowels. Other reme-
dies had failed, but after taking two
bottles of Peruna the trouble almost en-
tirely disappeared. For this special

malady I consider it well high a specific.

"As a tonic for weak and worn
out people it has few or no equals."—
Rev. E. G. Smith.

Mr. M. J. Rossman, a prominent mer-
chant of Greensboro, Ga., and an elder
in the Presbyterian church of that
place, has used Peruna, and in a recent
letter to The Peruna Medicine Co., of
Columbus, Ohio, writes as follows:

"For a long time I was troubled with
catarrh of the kidneys and tried many
remedies, all of which gave me no re-
lief. Peruna was recommended to me
by several friends, and after using a few
bottles I am pleased to say that the long
looked for relief was found and I am now
enjoying better health than I have for
years, and can heartily recommend
Peruna to all similarly afflicted. It is
certainly a grand medicine."—M. J.
Rossman.

Catarrh is essentially the same where-
ever located. Peruna cures catarrh
wherever located.

If you do not derive prompt and satis-
factory results from the use of Peruna,
write at once to Dr. Hartman, giving a
full statement of your case and he will
be pleased to give you his valuable ad-
vice gratis.

The Hartman Sanitarium, Columbus,
Ohio.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases.
It may be either hereditary or contracted; so while it may not be a crime to have
the disease, it is a crime to permit it to remain in the system. It may manifest
itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints,
itchiness of the skin, eruptions or blotches, sores in the mouth or on the tongue,
sore throat, falling out of hair, disordered stomach, and a general depression of
the system. If you have any of these symptoms don't neglect yourself. You have
no time to lose. Beware of "old fog" treatment—bowers of mineral poisons—
beware of Quacks and Fakirs. OUR NEW METHOD TREATMENT
is guaranteed to cure this disease, never to return. Bank Bonds will protect you.
Our treatment is not injurious in any way, but reaches the very root of the disease
and eliminates all poison from the system. The symptoms of disease gradually
disappear. The blood becomes pure and enriched, the whole system is cleansed
and purified, and the patient feels prepared anew for the duties and the pleasures
of life. CURE GUARANTEED OR NO PAY. 25 Years in
Ohio. 250,000 Cured.

Elihu Root is to retire from the cabi-
net at the close of the present year.
He is a strong man, but the president
will doubtless experience no difficulty
in finding one equally strong to re-
place him. America is never lacking
in men able to fill the places to which
they are called. That is the chief
factor in our national strength and
greatness. Mr. Root was a lawyer,
without military training, yet he has
made an efficient secretary of war.
It is characteristic of Americans that
they are guided by common sense,
rather than by iron-clad rules. Mr.
Root applied business principles to his
administration of the war department,
and succeeded admirably. His suc-
cessor, who is likely to be Judge Taft,
is sure to do likewise, and the presi-
dent's cabinet will be as efficient as
ever. The right man for an impor-
tant place is never hard to find in this
country.

Council, as was expected, has again
gone on record in favor of a reduced
police force, in open defiance of the

will and interests of an overwhelming
majority of the citizens of East Liver-
pool. It had a chance to redeem it-
self, but foolishly refused to make
amends. This fact will be remembered
when gentlemen of the present coun-
cil seek re-election, as some of them
are quite likely to do. The ousting of
Chief of Police John Wyman, the
ablest and most faithful official the
city has had in the police department
for years, was the aim and object of
the villainous ordinance reducing the
number of patrolmen. His removal
has not yet been accomplished, and
certainly will not be effected without
a struggle. The mayor and the citi-
zens who are supporting him in his
determination to maintain efficiency in
the police department deserve to suc-
ceed, and will succeed in spite of coun-
cil. If right and the people's wishes
triumph. For in this case council
viciously misrepresents the best senti-
ment of the best people of the city.

Now that one railroad problem is
settled, the city is ready for another.
Just let a line that means business
try to get through town and the way
will be made easy. We ought to have
a vigilant and diligent Business Men's
Association to point out to the railroad
promoters the advantages of East Liver-
pool and the business that could be
done here by a competing line.

One county in Pennsylvania has
elected its delegates to the coming
Republican national convention and
instructed them for Roosevelt. They
are the advance guard of a little but
powerful army that will do business
next year.

One fool reporter in East Liverpool
is trying his best to convince himself
that he is the whole city administration.
He is the only person who is un-
aware how ridiculous he and his
claims are.

The two Populist parties are going
to unite on the same man for presi-
dent. There was a time when such
an announcement would have been of
interest, but that day is past forever.

The railroad problem is settled and
settled to the satisfaction of the pub-
lic. Now let the improvements be
hastened and all will be forgiven.

SEC. ROOT TO RESIGN

The Resignation Will Take
Effect About the First
of January.

TAFT TO BE HIS SUCCESSOR

Friendship for the President and In-
terest in Pending Questions in War
Department Have Caused Him to
Remain Longer Than He Intended.

Washington, Aug. 12.—Before Sec-
retary Root sails for London to sit
with the Alaskan commission he will
place his resignation in the hands of
President Roosevelt in order that the
president may appoint a secretary of
war if it is deemed necessary during
Mr. Root's absence. It is expected,
however, that the resignation will not
be acted upon until after congress
meets. The appointment of Mr. Root's
successor will depend somewhat upon
the length of time that Secretary
Root will be engaged upon the Alas-
kan boundary commission.

It has been known for some time
that Secretary Root intended to re-
tire, but he did not wish to leave the
department until the general staff bill

ELIHU ROOT.

was in operation and other matters
pertaining to the department were
well under way. It is understood that
the matter of his successor has been
discussed, and while nothing official
can be obtained it is believed that
the position will be tendered to Governor
Taft.

Oyster Bay, Aug. 12.—Elihu Root
will resign as secretary of war, the
resignation to take effect about the
first of next January. He will be suc-
ceeded, unless present plans miscarry,
by Judge William H. Taft, now gov-
ernor of the Philippines.

For a long time Secretary Root has
desired, for pressing private reasons,
to retire from the cabinet. When Mr.
Roosevelt became president Secretary
Root indicated his wish to leave the
cabinet within a year, but his friend-
ship for the president and his interest
in pending questions before the war
department caused him to remain for
a longer period than he had intended.

It can be said that the president
expects that the country will have
the benefit of Secretary Root's ser-
vices yet for several months, certainly
until the beginning of the next year.

That Governor Taft will be Mr.
Root's successor as secretary of war
there can be little or no doubt. He is
familiar with many of the problems
which the secretary of war will have
to meet and solve; he is a warm per-
sonal friend of the president, who has
an abiding confidence in his ability
and patriotism, and it is understood
that he would welcome the change
involved.

FARMER'S HORSE
INSTANTLY KILLED

Runaway Outfit Collided With It,
Driving the Shaft Into
Its Body.

George Connell, who resides in the country a short distance north of this city, lost a valuable horse yesterday afternoon in an accident which occurred at the intersection of Third and Lisbon streets.

A horse belonging to Mr. Deimer, the Third street baker, and hitched to his delivery wagon, while standing in front of the bakery became frightened at the water issuing from a garden hose across the street. The horse ran down Third street with an speed and attempted to make a quick turn at the intersection of Third and Lisbon streets. The result was that it ran alongside of Connell's horse, which was being driven by his father-in-law, Daniel Tarr. The shaft of Deimer's wagon was plunged into the side of the Connell horse and went half way through the animal's body. A very few minutes later the horse dropped dead in the shafts, blood having issued from its body with every breath.

Neither the Deimer wagon nor Connell's buggy was damaged and Mr. Tarr was uninjured.

KNOWS MI-O-NA
WILL DO GOOD

Will Reed Has Such Faith in This Remarkable Flesh-Forming Food That He Sells It Under Guarantee.

It is an unusual thing for a druggist to refund the money if it does not give satisfaction, yet this is the way Will Reed, whose word is as good as his bond, is selling Mi-o-na, the remarkable flesh-forming food and cure for dyspepsia.

Never before has he had so large a number of customers tell him that a medicine has cured, as since he began selling Mi-o-na.

There is no longer any need of anyone's suffering or making their friends suffer because of stomach trouble or distressing thinness.

Mi-o-na can be relied upon to regulate and strengthen the digestive organs and to build up good, solid, beautiful flesh. Will Reed takes all the risk by selling this preparation under a guarantee to return the money, if it does not give satisfaction. He will sign an agreement to this effect, and take your word as to whether Mi-o-na cures or not.

Headaches, all forms of indigestion, specks before the eyes, dizzy feeling ringing in the ears, all forms of liver troubles, emaciation, and general run-down conditions are cured by Mi-o-na. A few days' treatment shows a considerable gain in health, and a cure speedily follows.

Now is the best time in the whole year for the enjoyment of good health. Use Mi-o-na and you will soon be in such perfect condition that you can enjoy every minute.

has been elected cashier of the latter institution. He made an excellent record as a financier and business man while in Alliance and Wellsville, and his many friends in this vicinity will rejoice to hear of his advancement.

Of him the Zanesville Times-Record says:

"Mr. Sharer came to Zanesville fully equipped for the responsibilities of a position in a banking house of the magnitude of the First National, having for seven years past been associated as assistant and afterward as cashier of a bank at Wellsville, O., and since his arrival, some 10 weeks ago, has made many acquaintances among the business men and manufacturers while serving the First National as assistant cashier. Altogether the move may be highly commended, and taken as an indication of the upward tendency of the bank's business."

by the operation of the code on May 12."

"That is a muddle the council got into early in the dispute, and is entirely wrong. There can be no classification, according to the code, until after a police ordinance is passed by the council and an examination is held in accordance with its provisions by the board of public safety. The operation of the code simply made the present police force sure of their places as policemen."

"The men now on the force are not even bound to compete in the examinations. If they expect to be candidates for chief of police they must compete, but so long as they remain where they now are and comply with the rules of the board and the code they are fixtures. This condition, however, does not prevent others from competing for the position of chief of police or police officers, and as many as desire may present their names and enter the contest. No man who has not competed for and successfully passed the examination can be eligible to the position of chief of police."

CALF AND CHICKENS
STOLEN AND KILLED

Daring Thieves Rob Farmers And Butcher Live Stock in the Road.

A daring act was committed by some one unknown Monday night at the place of Mr. Hoy, on the Fairview road. Mr. Hoy had a two-months-old calf in a pen close to the house, and some miscreant carried the calf a short distance and butchered it, leaving the entrails on the ground. Close to the spot where the calf had been killed was a number of heads of chickens and feathers.

At Martin, who resides about a mile back of Chester, was in town today and reported that his poultry yard had been visited the same night and a number of chickens were found to be missing the next morning. J. C. Cunningham also missed a sheep that is supposed to have gone along with the chickens and the calf. The farmers will keep a close watch from now on of their pens and poultry yards.

NO SPECIAL SESSION

A Quorum of Council Not Present at the Meeting to Discuss Curbing Question.

The special session of council that was to have been held last night did not take place owing to a quorum not being present. The meeting was for the purpose of talking over the matter of curbing Second street continuously from the bridge to Virginia avenue, which move met with the strenuous objection of John Shrader.

The town hall was well filled by interested property owners and speculators, who were disappointed that the meeting was not held. The action that council had taken in closing the former county road was compromised by the street committee and the objecting property owners through the arrangement that the curbing be laid flat instead of upright. It can then be paved up to and will still leave access to the road. Interested ones are satisfied.

Will Buy a Costly Safe.

The officers of the bank think it policy to make a purchase of one that will answer all requirements, when it becomes necessary to move to new quarters later on.

ORDINANCE PASSED
WITH FEW CHANCES

Continued from First Page

crossings in the East End district that should be opened before the ordinance passed, or the chances were they never would be opened.

W. Calhoun here secured Councilman Johnston's car from the lobby, and that gentleman was treated to the old story concerning Washington and Federal streets in Jethro. It will be remembered the ground was gone over several months ago by a committee of council, and at that time the people of Jethro wanted Washington street opened, but were not ready at the time, and it developed later that whenever the necessity demanded the city could open the street, and it had been dropped.

Councilman Johnston had not been at the conference the previous evening, and was, therefore, not aware that these matters had all been discussed and disposed of at that time. He, therefore, took up Calhoun's kick and devoted some time to an explanation of what he knew concerning it. Calhoun attempted to "butt" in while the discussion was in progress, but was ignored by the chair, and Solicitor Davidson proceeded to explain the law on the question of opening streets and alleys across a railroad. The law was more explicit than was at first thought, and provides that when, in the opinion of the members of council, it is necessary for the public convenience and good to have a street crossing established, it can be done by the process of law in spite of any opposition on the part of the railroad company. The explanation was entirely satisfactory to Mr. Johnston, at least, and the ordinance went through with but one dissenting vote, that of Smith.

The Pennsylvania company is now in position to proceed with the double tracking of its system through the city without any hindrance from any source. The action of the council in passing the ordinance without the delay attending a formal three reading process is gratifying to a long suffering public. For months the manufacturers and business men have hoped that the question could be brought to a speedy termination in order that the freight and passenger service on the C. & P. system could be improved. Realizing that this wish could only be realized through favorable action on the part of the city council on many requests made by the railroad company, the business interests of the city can but feel that the council adopted a wise course.

There was no disposition on the part of the railroad corporation to dodge any of the demands made by the city, and there was not a time since the negotiations began that they refused to meet the city's representatives half way in the settlement of the many perplexing propositions, which have confronted the conferees.

The city of East Liverpool has been given everything that it asked which was reasonable and practicable. A number of clauses were found in the old original list of demands that were both superfluous and unreasonable. These were eliminated, of course, with the full knowledge and consent of the representatives of the city. On the other hand there were items of great importance to the public which the council and board of public service were determined to include, and to which the railroad corporation readily consented. There never was a time when the city's best interests were lost sight of, and there was no sign of weakness at any stage in the negotiations. The council is to be congratulated upon the wisdom and good judgment which characterized its attitude throughout the entire proceedings, and the public should feel grateful in consequence.
